Reflective Spray Paints & Reflective Mining Paints

These reflective and durable paints are formulated using glass microsphere technology. The water based polyurethane resin, extremely fade resistant pigments and reflective glass spheres ensure years of bright reflection.

These products are useful to mark safety hazards or objects which need to be located in low-light or dark areas: fire hydrants, industrial equipment, safety equipment, guard rails, electrical switch boxes, gas meters, boat piers, docking buoys, to name a few. They reflect brightly back to the source of light using a flashlight or headlights.

Paints Available:

Unique Upright Spray

Base Coat — Top Coats

Mining Paints

Base Coat — Top Coats

Reflective Paints

All CRC Spray Paint Labels Feature:

S.D.[L.]® Safety Data Label. Provides instant access to current safety information should an accident or OSHA inspection occur. Helps comply with **OSHA Hazard Communications Standard 29 CFR 1910.1200.**

QR Code: Provides instant access to mobile-ready product detail page.

Dual Hazcom Labeling. Labeled for both OSHA GHS requirements (Industrial workplace), as well as CPSC Retail requirements.

Reflective Spray & Mining Paints

For maximum reflectivity, CRC Reflective Paints utilize the following 2-Step Process:

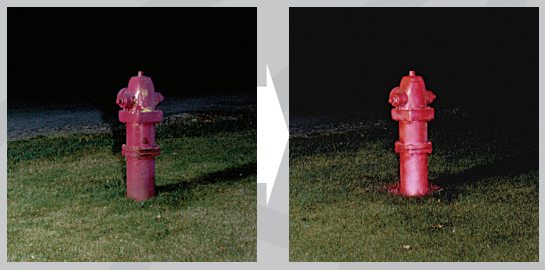
Step 1: CRC Aluminum Base Coat is specifically designed to be used with CRC Reflective Top Coat Paints. Aluminum Base Coat will dry in less than 5 minutes and can be immediately top coated with a CRC Reflective Top Coat.

Step 2: CRC Reflective Top Coat Paint is designed to be used over CRC Aluminum Base Coat. This coating should be applied as the second step in order to achieve a reflective coating.

Product SKUs		
Reflective Paints – 16 oz Can		
Part #	**Color**	**Net Fill**
18015	Aluminum Base Coat	12 oz
18016	Yellow Top Coat	12 oz
18017	Red Top Coat	12 oz
18018	Clear Top Coat	12 oz
Reflective Mining Paints – 20 oz Can		
Part #	**Color**	**Net Fill**
18020	Aluminum Base Coat	15 oz
18021	Yellow Top Coat	19 oz
18022	Red Top Coat	19 oz
18023	Clear Top Coat	19 oz

Applications:

Boat Dock



Fire Hydrant

Boiler Room

CRC's Reflective Paints provide a valuable tool in a manufacturing plant's comprehensive safety program.
