PHASEGUARD4®

The Ultimate Fuel Stabilizer

PhaseGuard4® provides the maximum protection available to prevent phase separation of fuel with the only 4-in-1 formula that protects against corrosion, helps clean the entire fuel system, stabilizes fuel and helps restore power and mileage.

Equally effective in E10 to E85 fuel. May be used in all 2 or 4 cycle engines that use gasoline, gasoline/oil and ethanol blends. Not for use in diesel fuel.

- **Stabilizes fuel up to 24 months**
- **Cleans entire fuel system**
- **Protects against damage and corrosion caused by ethanol**
- **Restores power & mileage potential**
- Proven better water removal
- Proven better corrosion protection
- For ethanol blends E10 to E85
- 30 mL treats up to 38 L of gas for in season protection
- 30 mL treats up to 19 L of gas (storage)

Ideal for use in automobiles, motorcycles, boats, trucks, lawn mowers, snow blowers, ATVs, RVs, and more.

- **75141**
- **75142**
