

# Salt Terminator®

Engine Flush, Cleaner & Corrosion Inhibitor

## For Protecting Anything Exposed to Salt

Saltwater, salt air and road salt can lead to rust, corrosion, vehicle damage and costly repairs. Salt Terminator® dissolves destructive salt debris that can't be removed by water alone and leaves a protective sheen, guarding against future salt corrosion. Regular maintenance with Salt Terminator® can help extend the life of vehicles, trailers, tools, gear and equipment. Lab-testing shows Salt Terminator® excels at removing heavy salt deposits without leaving behind a spotty residue like other similar products.

Spray on Salt Terminator® to clean and protect virtually any surface. The Salt Terminator® Mixer automatically dilutes the concentrate and siphons it through a standard garden hose. No scrubbing or rinsing required!

When used as a motor flush, Salt Terminator® also cleans and protects internal marine engine components. Great for cleaning and protecting trailers and flushing trailer brakes too.

### Hundreds of applications:

- Marine
- Automotive
- RV
- Home
- Hardware
- Powersports

Part Number	Unit Size	Units per Case
76320	32 oz	6
76128	1 gallon	6
