

# Material Safety Data Sheet

## Section 1: Product & Company Identification

**Product Name:** Plexalube™ Extreme Duty #2 Grease

**Product Number (s):** SL35354

**Manufactured By:**

CRC Industries, Inc.  
885 Louis Drive  
Warminster, PA 18974  
[www.crcindustries.com](http://www.crcindustries.com)

General Information	(215) 674-4300
Technical Assistance	(800) 521-3168
Customer Service	(800) 272-8963
24-Hr Emergency (CHEMTREC)	(800) 424-9300

## Section 2: Hazards Identification

### Emergency Overview

Appearance & Odor: Red grease, mild petroleum odor

As defined by OSHA's Hazard Communication Standard, this product is hazardous.

### Potential Health Effects:

**EYE:** Slightly irritating.

**SKIN:** Repeated or prolonged contact can result in drying of the skin.

**INHALATION:** Heating can generate vapors that may cause respiratory irritation, nausea and headaches. Inhalation hazard at room temperature is unlikely due to the low volatility of this product.

**INGESTION:** Can cause stomach ache and vomiting. Main hazard, if ingested, is aspiration into the lungs and subsequent pneumonitis.

**CHRONIC EFFECTS:** None known.

**TARGET ORGANS:** None known

**Medical Conditions Aggravated by Exposure:**

None known.

See Section 11 for toxicology and carcinogenicity information on product ingredients.

---

---

**Section 3: Composition/Information on Ingredients**

COMPONENT	CAS NUMBER	% by Wt.
Hydrotreated heavy naphthenic distillates	64742-52-5	60 – 80
Solvent-dewaxed petroleum oils	64742-62-7 / 64742-65-0	10 – 30
Aluminum complex thickener	proprietary	5 – 10
Antimony dialkyldithiocarbamate	proprietary	0.5 – 1.5

---

---

**Section 4: First Aid Measures**

- Eye Contact: Immediately flush with plenty of water for 15 minutes. Call a physician if irritation persists.
- Skin Contact: Remove contaminated clothing and wash affected area with soap and water. Call a physician if irritation persists. Wash contaminated clothing prior to re-use.
- Inhalation: Remove person to fresh air. Keep person calm. If not breathing, give artificial respiration. If breathing is difficult give oxygen. Call a physician.
- Ingestion: Do NOT induce vomiting! Get medical attention immediately.
- Note to Physicians:* None

---

---

**Section 5: Fire-Fighting Measures**

- Flammable Properties: As defined by OSHA, this product is nonflammable.
- |                           |             |                        |    |
|---------------------------|-------------|------------------------|----|
| Flash Point:              | 224 C (COC) | Upper Explosive Limit: | ND |
| Autoignition Temperature: | ND          | Lower Explosive Limit: | ND |
- Suitable Extinguishing Media: Carbon dioxide, dry chemical, sand, dolomite, alcohol resistant foam, water spray, fog or mist.
- Products of Combustion: Acrid smoke/fumes, oxides of carbon and sulfur.
- Protection of Fire-Fighters: Firefighters should wear self-contained, NIOSH-approved breathing apparatus for protection against suffocation and possible toxic decomposition products. Proper eye and skin protection should be provided. Use water spray to keep fire-exposed containers cool and to knock down vapors which may result from product decomposition.

---

---

**Section 6: Accidental Release Measures**

- Personal Precautions: Use personal protection recommended in Section 8.

Environmental Precautions: Take precautions to prevent contamination of ground and surface waters. Do not flush into sewers or storm drains.

Methods for Containment & Clean-up: Keep sources of ignition away from spill. Ventilate the area with fresh air. If in confined space or limited air circulation area, clean-up workers should wear appropriate respiratory protection. Recover or absorb spilled material using an absorbent designed for chemical spills. Place used absorbents into proper waste containers.

## Section 7: Handling and Storage

Handling Procedures: Keep away from sparks and open flame. Ventilate well and avoid breathing vapors. Keep container closed when not in use.

Storage Procedures: Store in a cool dry area out of direct sunlight. Store away from strong acids and oxidizers.

Aerosol Storage Level: NA

## Section 8: Exposure Controls/Personal Protection

Exposure Guidelines:

COMPONENT	OSHA		ACGIH		OTHER		UNIT
	TWA	STEL	TWA	STEL	TWA	SOURCE	
Hydrotreated heavy naphthenic distillates	5*	NE	5*	10*	NE		mg/m <sup>3</sup>
Solvent-dewaxed petroleum oils	5*	NE	5*	10*	NE		mg/m <sup>3</sup>
Aluminum complex thickener	NE	NE	NE	NE	NE		
Antimony dialkyldithiocarbamate	0.5	NE	0.5	NE	NE		mg/m <sup>3</sup>
N.E. – Not Established      (c) – ceiling      (s) – skin      (v) – vacated							

\*exposure value for respirable oil mist

Engineering Controls: Area should have ventilation to provide fresh air. Use local exhaust to prevent accumulation of vapors. Use mechanical means if necessary to maintain vapor levels below the exposure guidelines. If working in a confined space, follow applicable OSHA regulations

Respiratory Protection: None required for normal work where adequate ventilation is provided. Use a NIOSH-approved cartridge respirator with organic vapor cartridge if vapors exceed exposure limits. Use a self-contained breathing apparatus in confined spaces and for emergencies.

Eye/face Protection: For normal conditions, wear safety glasses. Where there is reasonable probability of liquid contact, wear splash-proof goggles.

Skin Protection: Use protective gloves such as nitrile or PVC. Also, use full protective clothing if there is prolonged or repeated contact of liquid with skin.

## Section 9: Physical and Chemical Properties

Physical State: grease

Color: red

Odor: mild petroleum odor

Specific Gravity: 0.90

Initial Boiling Point: ND

Freezing Point: ND

Vapor Pressure: &lt; 0.5 mmHg @ 20C

Vapor Density: ND (air = 1)

Evaporation Rate: &lt; 0.01 (ether = 1)

Solubility: Insoluble in water

pH: NA

Volatile Organic Compounds: wt %: < 0.1% g/L: < 1 lbs./gal: < 0.01**Section 10: Stability and Reactivity**

Stability: Stable

Conditions to Avoid: Sources of ignition.

Incompatible Materials: Acids and oxidizing substances.

Hazardous Decomposition Products: Oxides of carbon.

Possibility of Hazardous Reactions: No

**Section 11: Toxicological Information**

Long-term toxicological studies have not been conducted for this product. The following information is available for components of this product.

**ACUTE EFFECTS**

<u>Component</u>	<u>Test</u>	<u>Result</u>	<u>Route</u>	<u>Species</u>
Hydrotreated heavy naphthenic distillates	LD50	> 5000 mg/kg	Oral	Rat
Hydrotreated heavy naphthenic distillates	LD50	> 2000 mg/kg	Dermal	Rabbit

**CHRONIC EFFECTS**

Carcinogenicity:

	<u>Component</u>	<u>Result</u>
OSHA:	None listed	
IARC:	None listed	
NTP:	None listed	

Mutagenicity: No information

Other: None

**Section 12: Ecological Information**

Ecological studies have not been conducted for this product. The following information is available for components of this product.

Ecotoxicity: No information.  
Persistence / Degradability: No information.  
Bioaccumulation / Accumulation: No information.  
Mobility in Environment: No information.

---

---

**Section 13: Disposal Considerations**

Disposal: This material is not a RCRA hazardous waste. (See 40 CFR Part 261.20 – 261.33)

All disposal activities must comply with federal, state and local regulations. Local regulations may be more stringent than state or national requirements.

---

---

**Section 14: Transport Information**

Proper shipping description:

US DOT (ground): Not regulated

Special Provisions: None

---

---

**Section 15: Regulatory Information**

**U.S. Federal**

Toxic Substances Control Act (TSCA):

All ingredients are either listed on the TSCA inventory or are exempt.

Comprehensive Environmental Response, Compensation and Liability Act (CERCLA):

Reportable Quantities (RQ's) exist for the following ingredients: Antimony compounds (5000 lbs)

**Spills or releases resulting in the loss of any ingredient at or above its RQ require immediate notification to the National Response Center (800-424-8802) and to your Local Emergency Planning Committee.**

Superfund Amendments Reauthorization Act (SARA) Title III:

Section 302 Extremely Hazardous Substances (EHS): None

Section 311/312 Hazard Categories:

Fire Hazard	No
Reactive Hazard	No
Release of Pressure	No
Acute Health Hazard	No
Chronic Health Hazard	No

Section 313 Toxic Chemicals: This product contains the following substances subject to the reporting requirements of Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372:  
antimony compounds (max 1.5%)

Clean Air Act:

Section 112 Hazardous Air Pollutants (HAPs): None

**State Regulations**California Safe Drinking Water and Toxic Enforcement Act (Prop 65):

This product may contain the following chemicals known to the state of California to cause cancer, birth defects or other reproductive harm: NONE

State Right to Know:

New Jersey: NJRTK#'s 28235 & 20630  
 Pennsylvania: Antimony compounds  
 Massachusetts: None  
 Rhode Island : None

**Additional Regulatory Information:** None

---

**Section 16: Other Information**

NFPA: Health: 1 Flammability: 1 Reactivity: 0  
 HMIS: Health: 1 Flammability: 1 Reactivity: 0 PPE: X
