

MATERIAL SAFETY DATA SHEET

Section 1: Product & Company Identification

Product Name: Magic Oil™ Lock Lube & De-icer

Product Number (s): 75130

Product Use: Lubricating Locks

Manufacturer / Supplier Contact Information:

In United States:

CRC Industries, Inc.

885 Louis Drive

Warminster, PA 18974

www.crcindustries.com

1-215-674-4300(General)

(800) 521-3168 (Technical)

(800) 272-4620 (Customer Service)

In Canada:

CRC Canada Co.

2-1246 Lorimar Drive

Mississauga, Ontario L5S 1R2

www.crc-canada.ca

1-905-670-2291

24-Hr Emergency – CHEMTREC: (800) 424-9300 or (703) 527-3887

Section 2: Hazards Identification

Emergency Overview

DANGER: Extremely flammable. Contents under pressure.
Appearance & Odor: Black liquid. Solvent odor.

Potential Health Effects:

ACUTE EFFECTS:

EYE: May cause irritating effect

SKIN: May cause irritation to skin and mucous membranes

INHALATION: Excessive inhalation may cause nausea, headaches, and dizziness.

INGESTION: Ingestion unlikely to occur.

CHRONIC EFFECTS: No data available.

TARGET ORGANS: No data available.

Medical Conditions Aggravated by Exposure: No data available.

See Section 11 for toxicology and carcinogenicity information on product ingredients.

Product Name: Magic Oil™ Lock Lube and De-icer
Product Number (s): 75130

Section 3: Composition/Information on Ingredients

COMPONENT	CAS NUMBER	% by Wt.
Ethanol	64-17-5	40 - 60
Hydrocarbon propellant	68476-86-8	25 - 30
Isopropanol	67-63-0	15 - 20
Graphite	7782-42-5	5 - 15

Section 4: First Aid Measures

Eye Contact: Immediately flush with plenty of water for 15 minutes. Call a physician if irritation persists.

Skin Contact: Remove contaminated clothing and wash affected area with soap and water. Call a physician if irritation persists. Wash contaminated clothing prior to re-use.

Inhalation: Remove person to fresh air. Keep person calm. If not breathing, give artificial respiration. If breathing is difficult give oxygen. Call a physician.

Ingestion: Ingestion is unlikely to occur. If symptoms are present, consult doctor.

Note to Physicians: Treat symptomatically.

Section 5: Fire-Fighting Measures

Flammable Properties: This product is extremely flammable in accordance with aerosol flammability testing definitions (16 CFR 1500.3(c)(6)).

Flash Point: < 32°F / < 0°C Upper Explosive Limit: Not available
Autoignition Temperature: > 392°F / > 200°C Lower Explosive Limit: Not available

Fire and Explosion Data:

Suitable Extinguishing Media: Dry chemical, CO₂, water spray or alcohol resistant foam.

Products of Combustion: Oxides of carbon.

Explosion Hazards: Aerosol containers, when exposed to heat from fire, may build pressure and explode. Vapors can accumulate and create a flammable atmosphere.

Protection of Fire-Fighters: Firefighters should wear self-contained, NIOSH-approved breathing apparatus for protection against suffocation and possible toxic decomposition products. Proper eye and skin protection should be provided. Use water spray to keep fire-exposed containers cool and to knock down vapors which may result from product decomposition.

Section 6: Accidental Release Measures

Personal Precautions: Use personal protection recommended in Section 8. Wear protective equipment.

Environmental Precautions: Take precautions to prevent contamination of ground and surface waters. Do not flush into sewers or storm drains. Inform respective authorities in case of seepage into water course.

Methods for Containment & Clean-up: Dike area to contain spill. Ventilate the area with fresh air. If in confined space or limited air circulation area, clean-up workers should wear appropriate

Product Name: Magic Oil™ Lock Lube and De-icer
Product Number (s): 75130

respiratory protection. Recover or absorb spilled material using an absorbent designed for chemical spills. Place used absorbents into proper waste containers.

Section 7: Handling and Storage

Handling Procedures: Keep away from heat and direct sunlight. Do not use on or near a flame or any source of ignition. Do not smoke while using product. Do not use around energized equipment. Ensure adequate ventilation. For product use instructions, please see the product label.

Storage Procedures: Store in a cool dry area out of direct sunlight. Aerosol cans must be maintained below 120°F / 49°C to prevent cans from rupturing.

Aerosol Storage Level: III

Section 8: Exposure Controls/Personal Protection

Exposure Guidelines:

COMPONENT	OSHA		ACGIH		OTHER		UNIT
	TWA	STEL	TWA	STEL	TWA	SOURCE	
Ethanol	1000	NE	1000	NE	NE		ppm
Hydrocarbon propellant	1000	NE	1000	NE	NE		ppm
Isopropanol	400	500	200	400	NE		ppm
Graphite	2.5*	NE	2*	NE	2.5*	NIOSH	mg/m3
N.E. – Not Established (c) – ceiling (s) – skin (v) – vacated * - respirable							

Controls and Protection:

Engineering Controls: Area should have ventilation to provide fresh air. Local exhaust ventilation is generally preferred because it can control the emissions of the contaminant at the source, preventing dispersion into the general work area. Use mechanical means if necessary to maintain vapor levels below the exposure guidelines. If working in a confined space, follow applicable OSHA regulations.

Respiratory Protection: None required for normal use where adequate ventilation is provided. If engineering controls are not feasible or if exposure exceeds the applicable exposure limits, use a NIOSH-approved cartridge respirator with organic vapor cartridge. Air monitoring is needed to determine actual employee exposure levels.

Eye/face Protection: For normal conditions, wear safety glasses. Where there is reasonable probability of liquid contact, wear splash-proof goggles.

Skin Protection: Use protective gloves such as nitrile or latex. Also, use full protective clothing if there is prolonged or repeated contact of liquid with skin.

Section 9: Physical and Chemical Properties

Physical State: Liquid
Color: black
Odor: solvent
Odor Threshold: NA
Specific Gravity: 0.82

Product Name: Magic Oil™ Lock Lube and De-icer
Product Number (s): 75130

Initial Boiling Point: ND
Freezing Point: NA
Vapor Pressure: 400 kPa @ 68°F / 20°C
Vapor Density: >1 (air = 1)
Evaporation Rate: Fast
Solubility: Soluble in water
Coefficient of water/oil distribution: NA
pH: NA
Volatile Organic Compounds: wt %: 90 g/L: 738 lbs./gal: 6,1

Section 10: Stability and Reactivity

Stability: Stable
Conditions to Avoid: Keep away from sources of ignition
Incompatible Materials: Acids, alkalis, and oxidizing agents
Hazardous Decomposition Products: carbon oxide and carbon dioxide
Possibility of Hazardous Reactions: No

Section 11: Toxicological Information

Long-term toxicological studies have not been conducted for this product. The following information is available for components of this product.

Acute Toxicity:

Component	Oral LD50 (rat)	Dermal LD50 (rabbit)	Inhalation LC50 (rat)
Ethanol	760mg/kg	No data	20,000 ppm/10H
Hydrocarbon propellant	No data	No data	No data
Isopropanol	5000 mg/kg	12,800 mg/kg	16,000 ppm/8H
Graphite	No data	No data	No data

Chronic Toxicity:

Component	OSHA Carcinogen	IARC Carcinogen	NTP Carcinogen	Irritant	Sensitizer
Ethanol	No	No	No	E (mild) / S (moderate)	Unknown
Hydrocarbon propellant	No	No	No	No	No
Isopropanol	No	No	No	E (moderate) / S (mild)	No
Graphite	No	No	No	Unknown	Unknown

E – Eye S – Skin R - Respiratory

Reproductive Toxicity: Propan-2-ol & Ethanol: Adverse reproductive effects have occurred in experimental animals: effects in embryo or fetal, fetal death
Teratogenicity: No data available
Mutagenicity: No data available
Synergistic Effects: No data available

Product Name: Magic Oil™ Lock Lube and De-icer
Product Number (s): 75130

Section 12: Ecological Information

Ecological studies have not been conducted for this product. The following information is available for components of this product.

Ecotoxicity: No data available
Persistence / Degradability: No data available
Bioaccumulation / Accumulation: No data available
Mobility in Environment: No data available

Section 13: Disposal Considerations

Waste Classification: The dispensed liquid product is a RCRA hazardous waste for the characteristic of ignitability with the following potential waste codes: D001. (See 40 CFR Part 261.20 – 261.33)
Aerosol containers should be fully emptied and depressurized before disposal. Empty containers may be recycled.

All disposal activities must comply with federal, state, provincial and local regulations. Local regulations may be more stringent than state, provincial or national requirements.

Section 14: Transport Information

US DOT (ground): UN1950, Aerosols, flammable, 2.1, Limited Quantity
ICAO/IATA (air): UN1950, Aerosols, flammable, 2.1, Limited Quantity
IMO/IMDG (water): UN1950, Aerosols, 2.1, Limited Quantity
Special Provisions: None

Section 15: Regulatory Information

U.S. Federal Regulations:

Toxic Substances Control Act (TSCA):

All ingredients are either listed on the TSCA inventory or are exempt.

Comprehensive Environmental Response, Compensation and Liability Act (CERCLA):

Reportable Quantities (RQ's) exist for the following ingredients: None

Spills or releases resulting in the loss of any ingredient at or above its RQ require immediate notification to the National Response Center (800-424-8802) and to your Local Emergency Planning Committee.

Superfund Amendments Reauthorization Act (SARA) Title III:

Section 302 Extremely Hazardous Substances (EHS): None

Section 311/312 Hazard Categories:	Fire Hazard	Yes
	Reactive Hazard	No
	Release of Pressure	Yes
	Acute Health Hazard	No
	Chronic Health Hazard	No

Section 313 Toxic Chemicals: This product contains the following substances subject to the reporting requirements

Product Name: Magic Oil™ Lock Lube and De-icer
Product Number (s): 75130

of Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372:
None

Clean Air Act:

Section 112 Hazardous Air Pollutants (HAPs): None

Occupational Safety and Health Administration:

This product is regulated by the Hazard Communications Standard.

Canadian Regulations:

Controlled Products Regulations:

This product has been classified in accordance with the hazard criteria of the Controlled Product Regulation and the MSDS contains all the information required by the Controlled Products Regulations.

WHMIS Hazard Class: A, B5

Canadian DSL Inventory: All ingredients are either listed on the DSL Inventory or are exempt.

European Union Regulations:

RoHS Compliance: This product is compliant with Directive 2002/95/EC of the European Parliament and of the Council of 27 January 2003. This product does not contain any of the restricted substances as listed in Article 4(1) of the RoHS Directive.

Additional Regulatory Information: None

Section 16: Other Information

HMIS® (II)	
Health:	1
Flammability:	3
Reactivity:	0
PPE:	B

Ratings range from 0 (no hazard) to 4 (severe hazard)
