

I. Product Description

HydroForce® Germicidal Foam Cleaner cleans, disinfects, and deodorizes in one easy step. Using a super foaming formula, **HydroForce® Germicidal Foam Cleaner** clings to tough vertical or inverted surface soils without runs or drips. Its foaming action covers dirt, dust, grease, and grime with powerful cleaning agents that instantly begin to lift-off and eliminate the deposits. With a quick, easy wipe, **HydroForce® Germicidal Foam Cleaner** cleans the surface and leaves behind a non-sticky, squeaky-clean surface with a pleasant floral scent.

II. Applications

HydroForce® Germicidal Foam Cleaner is designed for cleaning, deodorizing, and disinfecting for hospitals, institutions, nursing homes, offices, schools, motels, and hotels. For use on commonly shared tools, bathtubs, sinks, shower stalls, walls, tile surfaces, and furniture.

III. Features & Benefits

- **Quat-Based Disinfectant Cleans, Deodorizes, and Disinfects** in one operation without scrubbing.
- **Disinfectant.** Effective against the Influenza A virus and can be used to prevent the spread of the H1N1 2009 virus strain (Swine Flu).
- **Disinfects.** Kills HIV on pre-cleaned environmental surfaces previously soiled with blood and/or body fluids.
- **Foaming.** Aqueous cleaner dispenses in a rich foam.
- **Maximum Cling-ability.** Minimizes runs and drips by clinging to vertical or inverted surfaces.
- **Floral Scent.** Leaves behind a pleasant floral scent without a sticky residue.
- **Biodegradable.** Will breakdown to a natural state in the environment.
- **Non-Abrasive.** Will not scratch or score equipment finish.
- **Non-Flammable.** Aqueous formulation reduces risk of fire (see MSDS for details).
- **Low VOC Content.** Reduces contributions to ground smog by volatile organic compounds.
- **No Class I or II Ozone Depleting Chemicals.** Offers exceptional cleaning alternative to chlorinated products while complying with EPA regulations on the use of CFCs.

IV. Physical Properties

Flash Point	<20°F	Boiling Point	212°F (initial)
Odor	Floral	Freezing Point	ND
Appearance	White foam	Solubility	Soluble in H ₂ O
Vapor Density	Not Determined	% VOC	7.9
VOC Content (Fed)	77 g/L	Specific Gravity	1.00 - 1.01
Sara Title III, Sect. 313 Chemicals	None	pH	12-13
Prop 65	No		

V. Specifications and Approvals

- EPA Reg. No. 705-65-55809

VI. Directions

Disinfection, Deodorization, and Cleaning:

- Shake can before using.
- Hold container six to eight inches from surface to be treated.
- Spray area until it is covered with white foam.
- Allow foam to penetrate and remain wet for 10 minutes. No scrubbing is necessary.
- Wipe off with a clean cloth, mop or sponge.
- This product will not leave grit or soap scum.
- For heavily soiled areas, remove gross soil before treatment.

Mildewstat:

- To control mold and mildew on pre-cleaned, hard, non-porous surfaces, spray surface to be treated making sure to wet completely.
- Let air dry.
- Repeat application at weekly intervals or when mildew growth appears.

Bactericidal Activity:

- When used as directed, this product exhibits effective disinfectant activity against the organisms: Staphylococcus aureus, Salmonella choleraesuis and Pseudomonas aeruginosa and meets all requirements for hospital use. Kills HIV on pre-cleaned environmental surfaces previously soiled with blood and/or body fluids.

VII. Package Description

Part Number	Container Size
14430	20 oz Aerosol

VIII. Disposal

Replace cap and dispose of container in trash. Do not incinerate or puncture. Do not contaminate water, food or feed by storage or disposal.

IX. Special Use Warnings

Aerosol Cans

Do not puncture, incinerate or store above 120°F. Exposure to high temperatures may cause can to burst. Do not place in direct sunlight or near any heat source. Aerosol cans will conduct electricity. Keep away from all live electrical sources including battery terminals, solenoids, electrical panels and other electronic components. Failure to observe this warning may result in serious injury from flash fire and/or electrical shock.

General

Use only in well ventilated area. Ventilation may be improved by opening a window or door or providing mechanical assistance. Avoid continuous breathing of vapor and spray mist. Avoid contact with skin and eyes. If ventilation is not adequate, respiratory protection should be worn. For more information regarding short-term and long-term exposure, review the Safety Data Sheet for this product.
