

I. Product Description

CRC Foaming Coil Cleaner is a high performance, heavy duty foaming detergent designed to clean evaporator and condenser coils. The aggressive alkaline detergent blend quickly cuts through dirt, grease, oil and other types of residue. **CRC Foaming Coil Cleaner** is low odor formula that does not require any rinsing.

II. Applications

Recommended for the effective removal of grease, oil, sludge, dirt, lint and other contaminants from air conditioning and refrigeration condensers.

III. Features & Benefits

- **Heavy Duty Foam Detergent.** Cuts through grease, dirt lint, and other debris.
- **No Flash or Fire Point.** Significantly reduces the risk of fire caused by incidental contact with live electrical equipment or solvents trapped by insulating materials.
- **No Rinsing Required.**
- **No Class I or II Ozone Depleting Chemicals or Chlorinated Solvents.**
- **360° Valve.** Product can be sprayed from any position – even upside down.
- **M.S.D.[L.]™ Material Safety Data Label.** Provides instant access to current safety information should an accident or OSHA inspection occur. Helps comply with **OSHA Hazard Communications Standard 29 CFR 1910.1200.**

IV. Physical Properties without propellant

Flash Point	None	Boiling Point	212°F
Odor	Mild	Solubility	Soluble in water
Appearance	Clear, light yellow liquid	Specific Gravity	1.09
Vapor Density	> air (air=1)	Propellant	Hydrocarbon
Vapor Pressure	ND	pH	13.0-13.5
VOC Content (Fed)	113.4 g/L	% Solids	22.7
Sara Title III, Sect. 313 Chemicals	Yes		
Prop 65	No		

V. Specifications and Approvals

- NSF registered Category Code: C1, A1 (#140212) for use in meat and poultry plants.

VI. Performance Characteristics

ASTM D-56 (Flash Point)	None
Evaporation Rate	Slow

VII. Directions

Read entire label before using this product.

1. Turn off or disconnect power to the unit being serviced.
2. Shake can well.
3. Apply liberally to surfaces to be cleaned.
4. No rinse is needed on an evaporator surface where condensation will be generated. Other surfaces will require the residue to be wiped off or rinsed with water.
5. For extremely heavy deposits, repeat applications may be necessary.
6. Turn on or reconnect power to the unit.

Note: Avoid contact on painted surfaces.

VIII. Package Description

Part Number	Container Size
03196	20 oz Aerosol

IX. Disposal

Disposal requirements vary by state and local jurisdiction. All used and unused product should be disposed of in conformance with local, state and federal regulations.

X. Special Use Warnings

Aerosol Cans

Do not puncture, incinerate or store above 120° F. Exposure to high temperatures may cause can to burst. Do not place in direct sunlight or near any heat source. Aerosol cans will conduct electricity. Keep away from all live electrical sources including battery terminals, solenoids, electrical panels and other electronic components. Failure to observe this warning may result in serious injury from flash fire and/or electrical shock.

General

Use only in well ventilated area. Ventilation may be improved by opening a window or door or providing mechanical assistance. Avoid continuous breathing of vapor and spray mist. Avoid contact with skin and eyes. If ventilation is not adequate, respiratory protection should be worn. For more information regarding short term and long term exposure, review this product's Material Safety Data Sheet.
