

I. Product Description

CRC® Hot Line Tool Cleaner & Protectant Wipes combine a cleaner with a silicone protectant, all in one wipe. The lint-free wipe is formulated to clean dirty fiberglass tools, while leaving a silicone protectant to help keep them clean. Hot Line Tool Cleaner & Protectant Wipes will effectively remove dirt, tar, sap and greases without harming the tool.

II. Applications

Each wipe is saturated with a special cleaner and protectant designed to effectively clean and protect hot line tools. OSHA regulation 29 CFR 1910.269(j)(2)(i) requires the daily cleaning of hot line tools prior to use. This wipe allows for easy, one time use. The advantage over rags is clear: eliminating the need for storing bulk chemicals. Sold in boxes of 50 wipes, **Hot Line Tool Cleaner & Protectant Wipes** eliminates the need for rags and reduces waste.

III. Features & Benefits

- Dual Action – cleans and protects in one application
- Pre-moistened, lint-free wipe
- Removes greases, sap, dirt and tar
- Designed for one time use
- Will not remove or adversely affect gloss
- Will not build up on tools over time
- Will not adversely affect lineman gloves, climbing gear or insulating blanket covers

IV. Physical Properties without propellant

Flash Point	57°F (14°C)	Boiling Point	180°F (82°C) Initial
Odor	Alcohol	Freezing Point	-128°F / -89°C
Appearance	Clear (liquid) on wipe	Solubility	Moderately soluble in water
Vapor Density	>2 (air =1)	VOC Content (Fed)	694.3 g/L
Vapor Pressure	Not Determined	VOC %	87.0%
Prop 65	No	Specific Gravity	0.798

V. Specifications and Approvals

Meets IEEE Standard 978-1984; Compliant with OSHA regulation 29 CFR 1910.1200 (product labeled in accordance with HazCom 2012 revision)

VI. Directions

- Tear open wipe package at notch
- Unfold towel
- Apply and use wipe according to IEEE standard

VII. Package Description

Part Number	Container Size
04110	1 Box of 50 Wipes (Wipe = 10.5" x 8")

VIII. Disposal

Disposal requirements vary by state and local jurisdiction. All used and unused product should be disposed of in conformance with local, state and federal regulations.

IX. Special Use Warnings**General**
