

## 1. Product Description

Sta Lube® Power Steering Fluid (Pre '89 Chrysler; Dodge; Plymouth) is specially formulated to meet service requirements for power steering units in all Chrysler, Dodge and Plymouth models through year 1988.

## II. Applications

Formulated as performance equivalent to Chrysler Corp. Spec. No. MS-1872-T, Part No. 4318055 (For '89 and later models, use Sta Lube Product No. SL 2631.)

## III. Features & Benefits

- Maintains good seal conditions.
- Increases hydraulic hose life.
- Provides oxidation resistance, which prevents rust and corrosion.
- Prevents foaming.
- Assures uniform performance over wide range of temperature conditions because of high viscosity index.
- Available in 15 fluid ounce containers.

## IV. Physical Properties

Flash Point	≥370 °F COC	Boiling Point (initial)	>600 °F
Odor	Faint Petroleum	Solubility	Negligible
Appearance	Clear Yellow Liquid	% Volatile	Negligible
Vapor Density	> Air	Specific Gravity	.85 - .87
Prop 65	No	Vapor Pressure	Negligible
Sara Title III, Sect. 313 Chemicals	No	VOC	3%

## V. Specifications and Approvals

ASTM D-92 Flash Point, °F	≥ 370
ASTM D-445 Viscosity @ 100° C, cSt	6.0

## VI. Directions

Consult owner's manual to assure correct fluid and proper reservoir levels. May be added to existing fluid or for complete fill.

## ***VII. Disposal***

Disposal requirements vary by state and local jurisdiction. All used and unused product should be disposed of in conformance with local, state and federal regulations.

## ***VIII. Special Use Warnings***

### **General**

Use only in well-ventilated area. Ventilation may be improved by opening a window or door or providing mechanical assistance. Avoid continuous breathing of vapor and spray mist. Avoid contact with skin and eyes. If ventilation is not adequate, respiratory protection should be worn. For more information regarding short term and long term exposure; review this product's Material Safety Data Sheet.
