

Technical Brief

HydroForce® Germicidal Foam Cleaner (Part# 14430)

Product Description

HydroForce® Germicidal Foam Cleaner is a bactericidal, virucidal, and fungicidal foaming cleaner for use in hospitals, nursing homes, clinics, medical facilities, businesses, hotels, motels, restaurants, schools, institutions and commercial establishments. HydroForce® Germicidal Foam Cleaner easily cleans, disinfects and deodorizes hard surfaces without scouring and scratching with no rinsing needed. The foaming formula of HydroForce® Germicidal Foam Cleaner acts as a disinfectant on hard non-porous environmental surfaces such as toilet seats, fixtures, glazed tile, wash bowls, shower stalls, walls, finished woodwork and countertops.

Applications

HydroForce® Germicidal Foam Cleaner kills:

- ▶ *Aspergillus niger*
- ▶ *Candida albicans*
- ▶ *Escherichia coli*
- ▶ *Klebsiella pneumoniae*
- ▶ *Penicillium pinophilum*
- ▶ *Penicillium variable*
- ▶ *Pseudomonas aeruginosa*
- ▶ *Salmonella choleraesuis*
- ▶ *Staphylococcus aureus*
- ▶ Kills HIV on pre-cleaned environmental surfaces previously soiled with blood/body fluids (follow special disinfecting instructions for HIV)
- ▶ *Streptococcus pyogenes*
- ▶ *Trichophyton mentagrophytes*
- ▶ Vancomycin-resistant *Enterococcus faecalis*
- ▶ Adenovirus Type 2
- ▶ Herpes Simplex Virus Types 1 and 2
- ▶ Influenza A 2/Japan Virus
- ▶ *Vaccinia* (Poxvirus)

UPDATE: The U.S. EPA OPP Antimicrobials Division is recommending that any EPA registered product with a label claim against Influenza A can be used against the **2009-H1N1 virus** strain (Swine Flu). HydroForce® Germicidal Foam Cleaner is effective against the Influenza A virus and can be used to prevent the spread of the current H1N1 virus strain.

For more information on the EPA's recommendations see:
