

GDI SERVICE PACK

GDI engines are the technology of the future and while they are smaller, more efficient and more powerful, they require special cleaning and maintenance to run properly.

Only CRC offers your best defense against carbon deposit buildup on GDI engines. The CRC GDI Service Kit includes 5 premium CRC products PROVEN to clean hard deposits from GDI intake valves and the entire fuel system! Restore power, MPG and keep your engine running at optimum performance.

Eliminates Carbon at 6 Critical Points : MAF Sensor, Throttle Body, Intake Valves, Injectors, Spark Plugs, Combustion Chamber.

- ▲ PROVEN to remove up to 46% of GDI intake valve deposits in the first hour after use
- ▲ PROVEN to gain 4 to 10 horsepower at the wheels
- ▲ AVERAGE 5.7% MPG increase
- ▲ EASY to use

A GDI engine service is recommended every 10,000 miles to prevent harmful carbon buildup and maintain maximum engine efficiency.
