Mr. Steven S. Katz  
C R C Chemicals USA  
885 Louis Drive  
Warminster, PA 18974

Dear Mr. Katz:

This is in reply to your request for compound authorization received on January 22, 1988 for your product CRC Electrical Grade Stor & Lube 02061.

This product is acceptable as a lubricant where there is no possibility of food contact in official establishments operating under the Federal meat and poultry products inspection program. Such compounds may be used as lubricants, release agents, or antirust films on equipment and machine parts in locations in which there is no possibility of the lubricant or lubricated part contacting edible products.

Acceptance of compounds by this Department is in no way to be construed as an endorsement of the compounds or of any claims made for them.

If any change is made in the labeling information or formulation, the authorization for use in official plants becomes void immediately.

Sincerely,

Charles R. Edwards, Chief  
Product Safety Branch  
Food Ingredient Assessment Division
