Warminster, PA 18974

Dear Mr. Katz:

This is in reply to your request for compound authorization received on December 05, 1996 for your product CRC Industrial Quick Clean (Aerosol) (REVISED).

This product is chemically acceptable as a solvent for cleaning electronic instruments and devices which will not tolerate aqueous cleaning solutions in official establishments operating under the Federal meat and poultry products inspection program.

Before using this compound, food products and packaging materials must be removed from the area or carefully protected. This compound must be used in a manner so that all odors associated with the compound are dissipated before food products or packaging materials are re-exposed in the area.

Acceptance of compounds by this Department is in no way to be construed as an endorsement of the compounds or of any claims made for them.

If any change is made in the labeling information or formulation, the authorization for use in official plants becomes void immediately.

Sincerely,

John M. Damaré, Chief  
Compounds Review Branch  
Facilities, Equipment, Labeling, and Compounds Review Div.
