

WARNING: Contains 1-Bromopropane 106-94-5, 1,3-Dioxane 646-06-0, 1,2-Bu/Vene Oxide 106-88-7, Harmful if inhaled. Overexposure can cause eye and skin irritation to upper respiratory tract, central nervous system effects, irregular heartbeats, unconsciousness and death. Deliberate misuse by concentrating and inhaling the contents may be harmful or fatal. This product has no flash or fire point at normal handling temperatures. In high concentrations, this product can be made to burn. Do not use on energized equipment or near flames or arcs. Do not use this product near open flames, welding operators or excessive heat. Fire may produce irritating or poisonous gas such as hydrogen bromide. Make sure equipment is thoroughly dry and vented before restarting. Use only in a well ventilated area. Avoid continuous breathing of vapor and spray mist. Avoid contact with skin and eyes. Vapors are heavier than air and can collect in low areas, pits, small rooms and other unventilated areas. If ventilation is not adequate, remove to production should be used. **FIRST AID:** In case of eye or skin contact flush with water for 15 minutes. If swallowed, do not induce vomiting. If too much is breathed, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. For severe overexposure, call a physician immediately. For additional information, consult the Material Safety Data Sheet for this product. **DISPOSAL:** Unused contents and containers must be disposed of in accordance with all federal, state and local regulations. Empty containers may be offered to a qualified reconditioner. Unused contents may be offered to a licensed reclaimer. Do NOT DUMP IN SEWERS, ON THE GROUND OR INTO ANY BODY OF WATER.

KEEP AWAY FROM CHILDREN

To review Emergency M.S.D.S.: Tear (DO NOT CUT) label along these two perforations and fold back label. Do not remove label until can is empty.

DIRECTIONS: Read entire label before using this product.

When ready to use, puncture the top of can as indicated on the cap. Insert the supplied trigger sprayer into the can.

For Cable Cleaning

1. Spray Cable Clean Degreaser onto a lint-free cloth.
2. Wipe prepared cable with a stroking motion to clean.

Note: Although Cable Clean Degreaser evaporates rapidly, CRC recommends wiping the cable after product application as per IEEE procedures.

For Degreasing

1. Remove mechanical plates, covers, etc. to expose equipment interior.
2. Spray until clean. Allow equipment to fully dry and vent before using.
3. Do not use on modern plastics such as LEXAN[®], ABS and Noryl.
4. If uncertain, check with the manufacturer or test on a small area before using.

For personal safety, do not use on energized equipment.

ELECTRICAL SHOCK HAZARD: This can will conduct electricity. Do not touch can to live electrical sources including battery terminals, solenoids, electrical panels and other electronic components. Failure to observe this warning may result in serious injury from electrical shock.
