Nonfood Compounds Program
Listed (H1) (#11206)

Electrical Silicone Lubricant

Part No. 02096

NET WEIGHT 26.5 lbs. (12.0 kg)

DANGER

Highly flammable liquid and vapor. May be fatal if swallowed and enters airways. Causes skin irritation. May cause drowsiness or dizziness. Suspected of damaging fertility or the unborn child. May cause damage to organs through prolonged or repeated exposure (central nervous system, upper respiratory tract, eyes).

PRECAUTIONARY STATEMENTS

Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Keep away from heat/sparks/open flames/hot surfaces. - No smoking. Ground/bond container and receiving equipment. Use explosion-proof electrical/ventilating/lighting equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Use only with adequate ventilation; maintain ventilation during use and until all vapors are gone. Open doors and windows or use other means to ensure a fresh air supply during use and while product is drying. If you experience any symptoms listed on this label, increase ventilation or leave the area. Do not breathe mist or vapor. Wash thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection. Store in a well-ventilated place. Keep container tightly closed. Keep cool. Store locked up. Dispose of contents/container in accordance with local/regional/national regulations. In case of fire: Do not use water jet as an extinguisher, as this will spread the fire.

- Specially formulated to lubricate, waterproof and protect electrical components. • Food grade formula.
- Odorless, colorless, non-staining film provides superior lubricity for metal and non-metal surfaces.
- Low surface tension permits deeper penetration and extended surface coverage. • Clings firmly to surfaces, minimizing express run-off.

Contains Hydrotreated light naphtha (64742-49-0), 2-Methylpentane (107-83-5), n-Hexane (110-54-3) and Polydimethylsiloxane (63148-62-9).
