

Electrical Grade NT™ Precision Cleaner

■ Patented Technology ■ Leaves No Residue

Part No. 02207

NET WEIGHT 50 lbs. (22.7 Kg)

Nonfood Compounds Program
Listed (K2) (#126402)

WARNING: VAPOR HARMFUL. HARMFUL IF SWALLOWED. MAY CAUSE EYE IRRITATION.
Read entire label before using.

WARNING: This material does not have a flash point, but in high concentrations with certain ignition sources it can be made to burn or explode. Do not use on energized equipment or near open flames, welding operations or excessive heat. When exposed to extreme heat, vapors may decompose to corrosive and toxic gases such as hydrogen chloride. Make sure equipment is thoroughly dry and vented before restarting. Avoid continuous breathing of vapor and spray mist. Avoid contact with skin and eyes. Overexposure to vapors can cause eye and skin irritation, irritation to upper respiratory tract, central nervous system effects, irregular heartbeats, unconsciousness and possibly death. Deliberate misuse by concentrating and inhaling the contents can be harmful or fatal. Use with adequate ventilation. Open doors and windows or use other means to ensure a fresh air supply during use and while product is drying. If you experience any symptoms listed on this label, increase ventilation or leave

the area. Vapors are heavier than air and can collect in low areas, pits, small rooms and other unventilated areas. If ventilation is not adequate, respiratory protection should be used.

FIRST AID: In case of eye or skin contact, flush with water for 15 minutes. If swallowed, DO NOT induce vomiting. If too much is breathed, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. For severe overexposure, call a physician immediately.

HANDLING AND SPILL PRECAUTIONS: Keep container closed when not in use. Wash thoroughly after handling. Do not enter where high vapor concentrations are suspected unless air-supplied respirator is used and a trained observer is present and equipped with rescue gear. Do not store above 100 F. For spill clean-up, use proper protective equipment. Use absorbent and store in closed containers for proper disposal.

DISPOSAL: All used and unused product should be disposed of in conformance with local, state and federal regulations. Do not dump in sewers, floor drains, on the ground or into any body of water.

For additional information, consult the Material Safety Data Sheet for this product.

HAZARDOUS MATERIAL IDENTIFICATION SYSTEM

HEALTH	1	REACTIVITY	0
FLAMMABILITY	1	PERSONAL PROTECTION	B

HAZARD: MINIMAL=0 SEVERE=4

- Aggressive precision cleaning solvent
- Removes grease, oil, dirt, flux and other contaminants
- RoHS compliant
- Evaporates quickly
- Leaves no residue.
- Do not apply while equipment is energized.
- Patent No.: 6,770, 614
- NSF K2 Registered #126402

WARNING: Contains COzol® 201 and COzol® 202
Proprietary solvent blends and Decafluoropentane
138495-42-8.
