

**ELECTRICAL GRADE**

# Electronic Degreaser

**Advanced Technology Formula**

**HCFC and CFC Alternative**

**Non-Chlorinated • No Flash Point • No Residue**

**No. 02217**

**Net Contents 1 gal. (3.78L)**

**WARNING: VAPOR HARMFUL.**

Read warnings on back panel.

## Electronic Degreaser

• Advanced Technology

• Does not contain CFC's, HCFC's or Chlorinated Solvents

• High Purity formula evaporates quickly and leaves no residue

• Instantly removes grease, oil, dirt, fluxes and polar soils and other contaminants

• Chemically stable, non-conductive and non-corrosive with no flash point

• Helps prevent contact failure or malfunction by dissolving and rinsing away contaminants

• NSF Registration #126508, Category Code K2 for use in meat and poultry plants.

**Directions:** Read entire label before using this product.

- Do not use on modern plastics such as LEXAN®, ABS, and Wray). If uncertain, check with manufacturer or test on a small area before using.
- Do not use on sensitive electronic equipment such as tape decks, VCRs, DVDs, computers, fax machines, copiers, printers, shredders, etc.
- Spray or brush contaminated areas and allow a few minutes to penetrate and loosen grease and oil-related soil. Repeat application until area is clean and dry.
- Use an abrasive on surfaces with heavy carbon deposits or corrosion to remove residue with intermittent spray before reactivating system.
- Periodic planned maintenance prolongs life expectancy of components and helps eliminate deposits that cause leakage. Use resistance measurements to determine frequency of application.
- For personal safety, do not apply while equipment is energized.

**WARNING:** Contains 1-Bromopropane, 106-94-5, C0201™ 202 (Proprietary mixture), 1,2 Butylene Oxide, 106-88-7, 1-Butanol 75-85-0, and Acetonitrile 75-35-8. Harmful if inhaled. Overexposure can cause eye and skin irritation, irritation to upper respiratory tract, central nervous system effects, irregular heartbeat, unconsciousness and death. Deliberate misuse by concentrating and inhaling the contents may be harmful or fatal. This product has no flash or fire point at normal handling temperatures. In high concentrations, this product can be made to burn. Do not use on energized equipment or other flammable materials. Use only equipment designed for and approved for breathing of vapor and spray mist. Avoid contact with skin and eyes. Vapors are heavier than air and can collect in low areas; thus, small rooms and other unventilated areas. If ventilation is not adequate, respiratory protection should be used.

**FIRST AID:**

In case of eye or skin contact, flush with water for 15 minutes. If swallowed, do not induce vomiting. If too much is breathed, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. For severe overexposure call a physician immediately for additional information, consult the Material Safety Data Sheet for this product.

**Note to physician:** Over exposure will cause symptoms of necrosis and may temporarily increase cardiac irritability.

**HANDLING AND SPILL PRECAUTIONS:**

Keep container closed. Wash thoroughly after handling. Do not enter where vapors are suspended in high concentration unless air-supplied positive pressure breathing apparatus is used and a trained observer is present and equipped with rescue gear. Do not use this product near open flames, welding operations or excessive heat. Fire may produce in-

flaming or poisonous gas such as hydrogen bromide. In addition, vapors of this solvent may develop as flammable atmosphere in contact with flames, high energy sparks or high intensity sources of heat. Do not cut or weld containers due to explosion hazards. FOR SPILLS, use proper protective equipment. Take precautions as necessary to prevent contamination of surface or ground water. FOR SMALL SPILLS, use absorbent and sweep into closed containers for disposal.

**DISPOSAL:**

Unused contents and containers must be disposed of in accordance with all federal, state, and local regulations. EMPTY containers may be offered to a qualified reconditioner. Unused contents may be offered to a licensed reclaimer. **DO NOT DUMP IN SEWERS, ON THE GROUND OR INTO ANY BODY OF WATER.**

For additional information, consult the Material Safety Data Sheet for this product.

**KEEP AWAY FROM CHILDREN**
