

**WARNING:** Contains Trichloroethylene 79-01-6, 1,2-Butylene Oxide 106-88-7 and Carbon Dioxide 124-38-9. Do not puncture, incinerate or store can above 120°F. Exposure to high temperature may cause can to burst. Do not place in direct sunlight or near any heat source. Harmful if inhaled. Overexposure can cause eye and skin irritation, irritation to upper respiratory tract, central nervous system effects, irregular heartbeats, unconsciousness and death. Deliberate misuse by concentrating and inhaling the contents can be harmful or fatal. This product has no flash or fire point at normal handling temperatures. In high concentrations this product can be made to burn. Do not use on energized equipment or near flames or arcs. Make sure equipment is thoroughly dry and vented before restarting. This product contains chemicals known to the State of California to cause cancer, birth defects and other reproductive harm. Use with adequate ventilation. Open doors and windows or use other means to ensure a fresh air supply during use and while product is drying. If you experience any symptoms listed on this label, increase ventilation or leave the area. Avoid continuous breathing of vapor and spray mist. Avoid contact with skin and eyes. Vapors are heavier than air and can collect in low areas, pits, small rooms and other unventilated areas. If ventilation is not adequate, respiratory protection should be used. Vapors may decompose to harmful or fatal corrosive gases such as hydrogen chloride and possibly phosgene. **FIRST AID:** In case of eye and skin contact, flush with water for 15 minutes. If swallowed, do not induce vomiting. If too much is breathed, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. For severe overexposure, call a physician immediately. **NOTE TO PHYSICIAN:** Overexposure will cause symptoms of narcosis and may temporarily increase cardiac irritability. For additional information, consult the Material Safety Data Sheet for this product.

**KEEP AWAY FROM CHILDREN**

To review Emergency M.S.D.S.: Tear (DO NOT CUT) label along these two perforations and fold back label. Do not remove label until can is empty.

- Directions: Read entire label before using this product.**
1. For electrical equipment, remove covers, plates and housings to expose interior parts.
  2. For best results, remove heavy carbon or grease deposits by scraping with a knife or wire brush.
  3. Spray Lectra Clean® until clean. Use extension tube for pinpoint applications and hard to reach areas.
  4. Allow equipment to fully dry and vent before using.
  5. Drying time can be accelerated by using a dry, absorbent cloth or CRC Duster™.
  6. Do not use on modern plastics such as LEXAN®, ABS and Noryl. If uncertain, check with the manufacturer or test on a small area before using.
  7. Not for use on sensitive electronics, computers, tape decks or VCR's. Use a CRC precision cleaner.
  8. Do not apply while equipment is energized.
- ALL USED AND UNUSED PRODUCT SHOULD BE DISPOSED OF IN CONFORMANCE WITH LOCAL, STATE AND FEDERAL REGULATIONS.

ELECTRICAL GRADE

**Lectra  
Clean®**

**Heavy Duty  
Electrical Parts Degreaser**

- Cleans Electric Motors and Equipment
- No Flash or Fire Point
- Evaporates Rapidly

06A  
CRC#458  
Made in U.S.A.

- Heavy duty electrical parts cleaner evaporates rapidly and leaves no residue.
- Helps prevent grease, oil, wax, dirt, and other contaminants from electrical machinery.
- Helps improve electrical properties and increase equipment life by removing foreign materials that lower operating efficiency.
- Chemically stable, non-conductive and non corrosive.
- No flash point or fire point.
- NSF Registration # 017216, Category Code K2 for use in meat and poultry plants.
- MATERIAL SAFETY DATA SHEET printed on back of label for your convenience and Patent No. 5,056,827).
- **ELECTRICAL SHOCK HAZARD:** This can will conduct electricity. Keep away from all live electrical sources including Battery Terminals, Solenoids, Electrical Panels and other electronic components. Failure to observe this warning may result in serious injury from flash fire and/or electrical shock.
