

03071-00A

JOB #K09867

WARNING: Contains Decafluoropentane 139495-42-8, 1-Methoxy-Nonafluorobutane 163702-08-7, and 1-Methoxy-Nonafluorobutane 163702-07-6. Use only in a well ventilated area. Avoid continuous breathing of vapor and spray mist. Avoid contact with skin and eyes. Exposure to vapors may be harmful and may cause heart irregularities, unconsciousness or death. Deliberate misuse by concentrating and inhaling the contents can be harmful or fatal. Vapors reduce oxygen available for breathing and may cause asphyxiation. Vapors are heavier than air and can collect in low areas, pits, small rooms and other unventilated areas. If ventilation is not adequate, respiratory protection should be used. **FIRST AID:** In case of eye or skin contact, flush with water for 15 minutes. If swallowed, do not induce vomiting. If too much is breathed, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. For severe overexposure, call a physician immediately.

KEEP AWAY FROM CHILDREN

To review Emergency M.S.D.S.: Tear (DO NOT CUT) label along these two perforations and fold back label. Do not remove label until can is empty.

CRC® CONTACT CLEANER "Advanced Technology Formula" does not contain known Ozone Depleting Substances or VOCs. It minimizes Global Warming Impact and provides an optimal alternative to CFC, HCFC and flammable contact cleaners.

- NON-CHLORINATED
- PLASTIC SAFE
- NON-FLAMMABLE
- EVAPORATES RAPIDLY without residue.
- INCREASES PERFORMANCE, prolongs equipment life and prevents electrical failures by dissolving light oils, dust, dirt and fingerprints on contacts, relays, switches, circuits and PC boards.
- MEETS USDA 1998 guidelines for use in meat and poultry plants.
- MATERIAL SAFETY DATA SHEET printed on back of label for your convenience and safety. (The CRC® MSDL™ is a proprietary label removal system patented under U.S. Patent No. 5,056,827).

00A
Made in U.S.A.
CRC#508A-D

All used and unused product should be disposed of in conformance with local, state and federal regulations.
For additional information, consult the Material Safety Data Sheet for this product.

ELECTRICAL SHOCK HAZARD: This can will conduct electricity. Do not touch can to live electrical sources including battery terminals, solenoids, electrical panels and other electronic components. Failure to observe this warning may result in serious injury from electrical shock.

- Directions: Read entire label before using this product.
1. For optimum results, prepare heavily soiled or corroded surfaces by buffing with a mild abrasive.
 2. When ready to use, puncture the top of the can as indicated on the cap. Insert the supplied trigger sprayer into the can.
 3. Tilt surface and spray until clean.
 4. Allow excess cleaner to run off.
 5. Use caution when using on or around energized equipment. See electrical shock warning below.

Contact Cleaner
