CRC TrueTap® EV

A solvent based cutting fluid designed to replace 1,1,1 Trichloroethane based cutting fluids. It delivers equivalent performance without being labeled as a suspected ozone-depleting agent. TRUE TAP EV has been tested side-by-side with 1,1,1 Trichloroethane based cutting fluids. Results showed equal performance on materials such as stainless steel, Monel®, and Hastelloy®. TRUE TAP EV evaporates quickly, leaves no residue, and provides excellent finishes.

DIRECTIONS: *Read entire label before using this product.*

Apply to tool before coming in contact with the work, using only enough to coat the tool. After cutting, use a CRC Cleaner/Degreaser and a CRC corrosion inhibitor to clean and protect parts.

Danger: Causes skin and eye irritation. May cause drowsiness or dizziness. May cause cancer.

Precautionary Statements: Obtain special instructions before use. Do not handle until all safety precautions

have been read and understood. Use with adequate ventilation. Open doors and windows or use other means to ensure a fresh air supply during use and while product is drying. If you experience any symptoms listed on this label, increase ventilation or leave the area. Avoid breathing mist or vapor. When exposed to extreme heat or hot surfaces, vapors may decompose to harmful or fatal corrosive gases such as hydrogen chloride and possibly phosgene. Wear protective gloves/protective clothing/eye protection/face protection. Wash hands thoroughly after handling. Store in a well-ventilated place. Keep container tightly closed. Store locked up. Dispose of contents/container in accordance with local/regional/national regulations.

First Aid: If on skin: Wash with plenty of water. If skin irritation occurs: Get medical attention. Take off contaminated clothing and wash before reuse. If inhaled: Remove person to fresh air and keep comfortable for breathing. Call a poison center/doctor if you feel unwell. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention. If exposed or concerned: Get medical attention.

Contains Trichloroethylene (79-01-6) and Hydro-treated heavy naphthenic distillates (64742-52-5). Deliberate misuse by concentrating and inhaling the contents is illegal and can be harmful or fatal. Inhalation abuse can cause death. For additional information, consult SDS for this product.

Not for use in California.
