

ELECTRO CLEAN NT™ CLEANER/DEGREASER

- Does not contain HCFC - 141b
- High Purity formula evaporates rapidly and leaves no residue
- Instantly removes grease, oil, dirt, fluxes and polar solids and other contaminants
- Chemically stable, non-conductive and non-corrosive with no flash point
- Helps prevent contact failure or malfunction by dissolving and rinsing away contaminants
- Uses advanced **CO₂™** technology. Patent Pending

Directions: Read entire label before using this product.

1. May be harmful to some plastics. Do not use on polycarbonate plastics, such as Lexan®. If in doubt call the manufacturer of the equipment. Do not use on sensitive electronic equipment such as tape decks, VCR's, computers, fax machines, copiers, printers, shredders, etc.
2. Spray until clean and allow to run off. Use extension tube for pinpoint cleaning.
3. Use an abrasive on surfaces with heavy carbon deposits or corrosion - remove residue with intermittent spray before reactivating system.
4. **ALLOW TO DRY THOROUGHLY AND VENT BEFORE REACTIVATING.** Product may collect and pool in unseen areas. Use a combustible gas detector to be certain there are no flammable vapors remaining before reactivation.
5. Periodic planned maintenance prolongs life expectancy of components and helps eliminate deposits that cause leakage. Use resistance measurements to determine frequency of application.
6. Do not apply while equipment is energized.

ELECTRICAL SHOCK HAZARD: This can will conduct electricity. Do not touch can to live electrical sources including battery terminals, solenoids, electrical panels and other electronic components. Failure to observe this warning may result in serious injury from electrical shock.

ELECTRO CLEAN NT™

CLEANER/DEGREASER

HCFC - 141b Alternative

No Flash Point

Fast Evaporation

No Residue

No. 04020

Net Wt. 12 oz. (340 g)

WARNING: VAPOR HARMFUL. EYE IRRITANT. HARMFUL OR FATAL IF SWALLOWED. CONTENTS UNDER PRESSURE.

Read warnings on back panel.

WARNING: Contains **CO₂™** 201 (Proprietary mixture) Methyl Nonfluorobutyl Ether, 163702-07-6, Methyl Nonfluorobutyl Ether, 163702-06-7, **CO₂™** 202 (Proprietary mixture), Ether, 163702-06-7, **CO₂™** 202 (Proprietary mixture), Decafluoropentane 138485-42-8, **CO₂™** 103 (Proprietary mixture) and Carbon Dioxide 124-38-8. Do not puncture, incinerate or store can above 120°F. Exposure to high temperature may cause can to burst. Do not place in direct sunlight or near any heat source. Use other means to warm contents. Do not use other means to warm contents. Do not use for cleaning use. If you experience any symptoms listed on this label, increase ventilation or leave the area. Overexposure to vapor may cause irritation to eyes, nose, throat and skin and may cause headaches, dizziness, drowsiness and other central nervous system effects. Inhalation of mist may cause irritation of the respiratory tract. Deliberate misuse is prohibited. This product has no flash or fire point at normal handling temperatures. In high concentrations, this product can be made to burn. Do not apply while equipment is energized or near flames or arcs. Do not use this product near open flames, welding operations or excessive heat. May produce irritating or poisonous gas such as hydrogen chloride when used with water. For 15 minutes, if swallowed, may be harmful or fatal. Do not induce vomiting. If too much is breathed, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. For severe overexposure, call a physician immediately. For Additional Information, Consult MSDS for this product. **CAUTION:** Liquid product may collect and pool during use. Vapors and/or liquid which pooled may create a slip and fall hazard. Do not use this product inside all electrical enclosures before and during use. Follow directions carefully before reactivating system.

KEEP AWAY FROM CHILDREN

All used and unused product should be disposed of in conformance with local, state and federal regulations.
