

## DIRECTIONS FOR DISPENSING

Remove lid from container. From center of towel roll, pull up a towel corner, twist into a point and thread through the X hole in the underside of the lid. Pull towel through about one inch. Replace lid on container, assuring a secure fit. Pull out first towel and snap off at 90° angle. Remaining towels feed automatically for next use. Always reseal hinged cap after each use to insure moisture retention.

## DIRECTIONS FOR USE

Open and unfold towel to full size. Use abrasive side of towel to scrub and instantly clean affected areas. Scrub surface with abrasive side of towel until stains and deposits disappear. Use the smooth side to wipe the surface to clean and polish. For a Higher Gloss – Polish surface with clean, dry cloth. Discard used towel properly.
