

## DIRECTIONS FOR DISPENSING

Always wear gloves while using this product. Remove lid from container. From center of towel roll, pull up a towel corner, twist into a point and thread through the X hole in the underside of the lid. Pull towel through about one inch. Replace lid on container, assuring a secure fit. Pull out first towel and snap off at 90° angle. Remaining towels feed automatically for next use. Always reseal hinged cap after each use to insure moisture retention.

## DIRECTIONS FOR USE

Pull towel from container and open to full size. Pre-wet marked area with towel, leaving the remover formulation on marks. After marked area has been initially wetted, begin removing marks in a circular wiping motion. If heavy build-up exists, reapply and continue wiping until marks are removed. May not be as effective on marks that have been on surface for an extended period of time. Dispose of used towels properly.

**Notice:** To remove graffiti from a painted surface, try product in a small, inconspicuous area to make sure paint is not removed along with graffiti. This product may soften or craze certain plastics.
