CRC Lectra-Motive® Electric Parts Cleaner is designed to clean electrical equipment where cleaning is accomplished when electrical current exists, or when there is a residual electrical potential from a component. It can be used to quickly and effectively degrease, remove oil, dirt, wax and other foreign matter that may cause electrical failure. CRC LECTRA-MOTIVE cleaner leaves no residue. It is a non-flammable, non-conductive and non-staining cleaner.

VOC Category: Energized Electrical Cleaner. Energized equipment use only. Not to be used for motorized vehicle maintenance or their parts.

WARNING: Contains Tetrachloroethylene 127-18-4. Do not use near flames, welding arcs, or excessive heat. When exposed to extreme heat, vapors may decompose to corrosive and toxic gases such as hydrogen chloride and possibly phosgene. Avoid continuous breathing of vapor and spray mist. Avoid contact with skin and eyes. Overexposure to vapors can cause eye and skin irritation, irritation to upper respiratory tract, central nervous system effects, irregular heartbeats, unconsciousness and possibly death. Tetrachloroethylene is reasonably anticipated to be a human carcinogen based on animal studies. This product contains chemicals known to the State of California to cause cancer, birth defects and other reproductive harm. Deliberate misuse by concentrating and inhaling the contents is illegal and can be harmful or fatal. Inhalation abuse can cause death. Use with adequate ventilation. Open doors and windows or use other means to ensure a fresh air supply during use and while product is drying. Vapors are heavier than air and can accumulate in low areas. If ventilation is not adequate or you experience any symptoms listed on this label, increase ventilation, use respiratory protection or leave the area. **FIRST AID:** In case of eye or skin contact, flush with water for 15 minutes. If swallowed, DO NOT induce vomiting. If too much is

DIRECTIONS: *Read entire label before use. Follow all directions.* NOT FOR USE ON SENSITIVE ELECTRONIC EQUIPMENT. USE CRC PLASTIC SAFE CLEANER FOR THESE APPLICATIONS.

1. DO NOT use on polycarbonate plastics such as LEXAN®. If in doubt, call the manufacturer of the equipment. MAY ALSO BE HARMFUL TO OTHER PLASTICS.
2. Protect all rubber parts, plastic parts and painted surfaces from overspray. DO NOT apply directly on painted surfaces.
3. Remove access plates to expose equipment interior.
4. Fill product into sprayer and apply until clean.
5. Air dry.
6. Heavy deposits may require repeat applications.

breathed, remove to fresh air. For severe overexposure, call a physician immediately. For additional information, consult the Safety Data Sheet for this product.

HANDLING AND SPILL PRECAUTIONS: Keep container closed when not in use. Wash thoroughly after handling. Do not enter where high vapor concentrations are suspected unless air-supplied respirator is used and a trained observer is present and equipped with rescue gear. Do not store above 100°F/38°C. For spill clean-up, use proper protective equipment. Use absorbent and store in closed containers for proper disposal.

DISPOSAL: All used and unused product should be disposed of in conformance with local, state and federal regulations. DO NOT dump in sewers, floor drains, on the ground or into any body of water.

KEEP AWAY FROM CHILDREN
