

Battery Cleaner with Acid Indicator

CRC Battery Cleaner with Acid Indicator locates harmful acid and cleans up battery cases, connectors, terminals, hold downs, and carriers. Neutralizes acid spills. Helps prevent corrosion.

- Color-changing foam instantly identifies acid leaks
- Reduces voltage leakage due to contaminants
- Assures maximum battery current flow
- Helps eliminate energy loss with regular maintenance
- Promotes longer battery life

DIRECTIONS: Read entire label before using this product. Shake can. Spray liberally over battery surface and all corroded areas. Do not spray into battery cells. If any acid is present, foam will turn pink. Allow CRC Battery Cleaner with Acid Indicator to soak for a few minutes. Use wire brush to remove heavy deposits on terminal and protectors. Flush with water. Reapply to ensure that all acid has been removed and rinse again. Wipe dry with cloth or paper towel. For extended protection, spray clean terminals with CRC Battery Terminal Protector #05046.

WARNING: Contains Sodium Bicarbonate 144-55-8, 2-Butoxy Ethanol 111-76-2, Propane 74-98-6, Water 7732-18-5, and Isobutane 75-28-5. Do not puncture, incinerate or store can above 120F. Exposure to high temperature may cause can to burst. Do not place in direct sunlight, near any heat source or open flame. Deliberate misuse by concentrating and inhaling the contents can be harmful or fatal. Use with adequate ventilation. Open doors and windows or use other means to ensure a fresh air supply during use. If you experience any symptoms listed on this label, increase ventilation or leave the area. Avoid continuous breathing of vapor and spray mist. Do not spray in eyes or mouth. **FIRST AID:** In case of eye and skin contact flush with water for 15 minutes. If swallowed, may be harmful or fatal. Induce vomiting on the advice of a physician. If too much is breathed remove to fresh air. For severe overexposure, call a physician immediately.

For additional information, consult the Material Safety Data Sheet for this product.

ALL USED AND UNUSED PRODUCT SHOULD BE DISPOSED OF IN ACCORDANCE WITH LOCAL, STATE AND FEDERAL REGULATIONS.

ELECTRICAL SHOCK HAZARD: This can will conduct electricity. Keep away from all live electrical sources including Battery Terminals, Solenoids, Electrical Panels and other electronic components. DO NOT use with ignition in "On" position. Failure to observe this warning may result in serious injury from flash fire and/or electrical shock.
