

# Power Steering Fluid

*For Domestic & Import Cars*

- Prevents Foaming
- Resists Rust & Corrosion
- Maintains Proper Seal Swell
- May Be Added to Existing Fluid

PART NO. 05341  
Net Contents 1 qt./32 fl. oz. (946 mL)

READ WARNINGS ON BACK PANEL.

## CRC POWER STEERING FLUID

**DIRECTIONS:** Consult owner's manual to assure correct fluid and proper reservoir levels.

**WARNING:** Contains Petroleum Distillates 64742-53-6 and 64742-58-1.

**FIRST AID:** In case of eye or skin contact, immediately flush with large amounts of water for at least 15 minutes. If swallowed, DO NOT induce vomiting. Call a physician immediately. If spilled on painted surfaces, immediately wash off with water. KEEP AWAY FROM CHILDREN.

All used and unused product should be disposed of in conformance with local, state, and federal regulations.

For additional information, consult the Material Safety Data Sheet for this product.

Meets service requirements for power steering units in General Motors, Ford, later model Chrysler, American Motors, and most import autos.\* May be added to existing fluid or for complete fill.  
\*Consult owner's manual.  
Maintains proper seal swell/prevents shrinkage. Increases hydraulic hose life. Provides oxidation resistance which prevents rust and corrosion. Prevents foam-ing. Assures uniform performance over wide range of temperature conditions because of high viscosity index.  
Formulated as performance equivalent to General Motors Part No. 1050017, Ford Motors Spec. No. ESW-M2C128-D, American Motors Part No. 8993342, and Chrysler Part No. 4318056, Spec. No. MS5931F.
