Air Brake Anti-Freeze & Conditioner

For complete product usage instructions and safety warnings in Spanish, go to www.crcindustries.com. Para obtener las instrucciones completas de uso y advertencias de seguridad del producto en Español, visite www.crcindustries.com.

Complete winter protection for all air brake systems. Contains anti-freeze and protects against corrosion. Eliminates and prevents moisture accumulation and icing. Prevents damage to air brake seals.

DIRECTIONS: *Read entire label before using this product.*

Fill alcohol evaporator jar approximately two-thirds full with CRC DIESEL Air Brake Anti-Freeze. When compressor is operating, bubbles should be passing through Air Brake Anti-Freeze. Make sure all connections are tight and in good condition. For year-round complete fuel system protection, use CRC DIESEL Fuel Therapy® Diesel Injector Cleaner Plus (#05228).

DANGER: POISON ☠ Contains Methanol 67-56-1. Cannot be made non-poisonous. Flammable liquid and vapor. Do not use near open flame or other sources of ignition. Overexposure to vapors can cause eye irritation, headache or dizziness, and damage to liver or kidneys. Ingestion may cause damage to eyes and central nervous system and poses an aspiration hazard. This product contains a chemical known to the State of California to cause birth defects or other reproductive harm. Use with adequate ventilation. Vapors are heavier than air and can accumulate in low areas. If ventilation is not adequate or you experience any symptoms listed on this label, increase ventilation, use respiratory protection or leave the area. **FIRST AID:** In case of eye or skin contact, flush with water for 15 minutes. If swallowed, DO NOT induce vomiting. Contact a poison control center immediately. If too much is breathed, remove to fresh air. For severe overexposure, call a physician immediately. **HANDLING AND SPILL PRECAUTIONS:** Keep container closed when not in use. Wash thoroughly after handling. Do not enter where high vapor concentrations are suspected unless air-supplied respirator is used and a trained observer is present and equipped with rescue gear. Do not store above 100°F. For spill clean-up, use proper protective equipment. Use absorbent and store in closed containers for proper disposal. **DISPOSAL:** All used and unused product should be disposed of in conformance with local, state and federal regulations. Do NOT dump in sewers, floor drains, on the ground or into any body of water. For additional information, consult the Safety Data Sheet for this product.
