CRC Cetane Boost shortens the ignition lag time of the fuel charge, allowing diesel fuel to ignite earlier in the cycle. More complete combustion results in better performance and drivability. High-performance diesel engines operate best with cetane values of 50 or higher and most pumps offer an average cetane rating of about 45.

Instant Results! A High-Performance, Alcohol-Free Diesel Additive That:

- Contains 100% additive with no solvents
- Increases power for towing
- Reduces white smoke, emissions and objectionable odors
- Reduces misfiring during warm-up and at low temperatures
- Controls rapid pressure rise and diesel knock for smoother, quieter operation
- Boosts cetane (fuel ignitability)
- Maximizes fuel economy
- Improves cold temperature starting

Use in all diesel engines. Compatible with biodiesel and all types of exhaust emission systems such as diesel particulate filters (DPFs.)

This diesel fuel additive complies with the federal ultra-low sulfur content requirements for use in diesel motor vehicles and non-road engines.

DIRECTIONS: Read entire label before using this product. For best results with up to a 7 point cetane increase, add 1 oz. of CRC Cetane Boost per 5 gallons of diesel fuel (one bottle to 80 gallons). For up to a 3 point cetane increase, add 1 oz. per 10 gallons of diesel fuel (one bottle to 160 gallons).

WARNING: Contains 2-ethylhexyl nitrate (27247-96-7). Product is combustible and should be kept from heat, open flames and other ignition sources. Avoid breathing vapors. Overexposure to vapors can cause headache, dizziness, nausea or vomiting. Deliberate misuse by concentrating and inhaling the contents is illegal and can be harmful or fatal. Inhalation abuse can cause death. Use with adequate ventilation. Open doors and windows or use other means to ensure a fresh air supply during use. **FIRST AID:** In case of eye or skin contact, flush with water for 15 minutes. If swallowed, DO NOT induce vomiting. If too much is breathed, remove to fresh air. For severe overexposure, call physician immediately. For additional information, consult SDS for this product. **DISPOSAL:** All used and unused product should be disposed of in conformance with local, state and federal regulations. Do not dump in sewers, floor drains, on the ground, or into any body of water.
