Net Contents 12 fl. oz. (355 mL)

NAPA/CRC RADIATOR ANTI-RUST

For use in all cooling systems, including aluminum. Protects metals in the system. Eliminates water pump squeal, lubricates water pump seals and all moving parts. Will not harm hoses or gaskets. Works with any standard anti-freeze. For cooling systems up to 22 quarts.

DIRECTIONS: Read entire label before use. 1. For best results, drain and flush system with NAPA/CRC 10-Minute Radiator Flush #059337. 2. Insure that system is filled with recommended level of coolant. With engine off and cool, add entire contents to radiator. Use entire contents at once. 3. Run engine to mix Anti-Rust thoroughly.

WARNING: Contains Water 7732-18-5, Naphthenic Oil 64742-53-6 and Petroleum Sulfonate 64741-88-4. Avoid continuous breathing of vapors. Avoid contact with skin and eyes. **FIRST AID:** In case of eye or skin contact, flush with large amounts of water for at least 15 minutes. If swallowed, do not induce vomiting. If too much is breathed, remove to fresh air. For severe overexposure, call a physician immediately.

KEEP AWAY FROM CHILDREN.

All used and unused product should be disposed of in conformance with local, state, and federal regulations. For additional information, consult the Material Safety Data Sheet for this product.
