

Rust Guardit™

The Better Rust Preventer

Quality
Gun Care
Products

Rust Guardit™, tested in a humidity cabinet at 100°F and 100% relative humidity, exceeded 30 days exposure. Rust Guardit™ is an excellent rust and corrosion prevention formulation for the protection of firearms, fishing tackle, tools and other metal surfaces which may be exposed to moisture or corrosive atmospheres. It's non-greasy, easy to apply and remove, will not evaporate, crack or peel when used as directed. Rust Guardit™ contains no ozone depleting compound.

Unique formulation protects firearms from rust and corrosion. Also ideal for tools, fishing tackle, marine accessories, and other metal surfaces.

DIRECTIONS: Read entire label before using this product.

1. Use Kleen-Bore Gunk Out™ to clean the surface to be protected. Dry thoroughly. 2. Hold can 6" to 8" from surface, apply an even light coat. 3. Let dry for 30 seconds. For a thicker coating, repeat application. 4. To remove, use Kleen-Bore No. 10 or any other petroleum solvent.

WARNING: Contains isohexane 107-83-5, Xylene 1330-20-7, Ethyl Benzene 100-41-4, n-Hexane 110-54-3, Propane 74-98-6, Isobutane 75-28-5. Do not puncture or incinerate or store can above 120°F. Exposure to high temperature may cause can to burst. Do not place in direct sunlight or near any heat source. Product is extremely flammable. Keep away from flames and other sources of ignition. Overexposure to vapors can cause eye and skin irritation, headaches, nausea, dizziness, irritation to upper respiratory tract, and irregular heartbeats. High concentrations have caused liver and kidney damage in laboratory animals. Deliberate misuse by concentrating and inhaling the contents can be harmful or fatal. This product contains a chemical known to the State of California to cause cancer and birth defects, or other reproductive harm. Use only in a well ventilated area. Avoid contact with skin and eyes. Vapors are heavier than air and can collect in low areas. If ventilation is not adequate, respiratory protection should be used. **FIRST AID:** In case of eye or skin contact, flush with water for 15 minutes. If swallowed, **DO NOT** induce vomiting. If too much is breathed, remove to fresh air. For severe overexposure, call a physician immediately. For additional information, consult the Material Safety Data Sheet for this product. **DISPOSAL:** All used and unused product should be disposed of in accordance with federal, state and local regulations. For additional information, consult the Material Safety Data Sheet for this product. **SPECIAL USAGE WARNINGS:** Contents Extremely Flammable. • Do not smoke while spraying. • Extinguish all flames, pilot lights, and heaters. • Do not apply while equipment is energized. • Vapors will accumulate readily and may ignite. • Use only with adequate ventilation; maintain ventilation during use and until vapors are gone.
