

Trailmobile Roll-Up Door Lubricant is ideal for all roll-up door assemblies including rear end overhead trailer doors, side panels on beverage carriers and sliding van doors. It lubricates and protects rollers, track, supporting cable and pulleys.

DIRECTIONS: Read entire label before using this product.

Spray rollers inside and out, then apply smooth even coat to clean track. Let stand a few minutes then operate the door up and down the full length of the track.

WARNING:

Contains Petroleum Distillates 64742-47-8, Inhibited Paraffinic Oil, Carbon Dioxide 124-38-9. Do not puncture, incinerate or store above 120°F. Exposure to high temperature may cause can to burst. Do not place in direct sunlight or near any other heat source. Product is flammable and should be kept from all flames and other sources of ignition. Use only in a well ventilated area. Open doors and windows or use other means to ensure a fresh air supply during use. If you experience any symptoms listed on this label, increase ventilation or leave the area. Avoid continuous breathing of vapor and spray mist. Avoid contact with skin and eyes. Overexposure to vapor may cause irritation to eyes and respiratory tract, headaches, dizziness, drowsiness, anesthesia, drowsiness and unconsciousness. Deliberate misuse by concentrating and inhaling the contents may be harmful or fatal. Vapors are heavier than air and can collect in low areas.

DISPOSAL:

All used and unused product should be disposed of in accordance with local, state and federal regulations. DO NOT dump in sewers, floor drains, on the ground or into any body of water.

FIRST AID:

In case of eye or skin contact, flush with water for 15 minutes. If swallowed, may be harmful or fatal. DO NOT induce vomiting, if too much is breathed remove to fresh air. For severe overexposure, call a physician immediately.

KEEP AWAY FROM CHILDREN

ELECTRICAL SHOCK HAZARD:

This can will conduct electricity. Keep away from all live electrical sources including battery terminals, solenoids, electrical panels and other electronic components. DO NOT use with ignition in "ON" position. Failure to observe this warning may result in serious injury from flash fire and/or electrical shock.
