

**Metal Lube Penetrant** dramatically reduces FRICTION, HEAT, WEAR, NOISE and is capable of withstanding extreme pressures. It rapidly penetrates and liberates mechanisms that oxidized metal has frozen up. It will protect metal parts from corrosion. You will find that it does even more than what we are saying it does!

**DIRECTIONS:** Spray in light, even, coats to lubricate and protect metal surfaces. Apply liberally and allow to penetrate to free rusted parts. Do not use on energized equipment.

**WARNINGS:** Contains Petroleum Distillates. Do not puncture, incinerate or store can above 120°F (49°C). Exposure to high temperature may cause can to burst. Do not place in direct sunlight or near any heat source. Product is flammable and should be kept from all flames and other ignition sources. Use only in well ventilated area. Avoid continuous breathing of vapor and spray mist. Avoid contact with skin and eyes. Overexposure to vapor may cause irritation to the eyes and respiratory tract and other central nervous system effects. Deliberate misuse by concentrating and inhaling the contents can be harmful or fatal.

**FIRST AID:** In case of eye and skin contact, flush with water for 15 minutes. If swallowed, may be harmful or fatal. DO NOT induce vomiting. If too much is breathed remove to fresh air. For severe overexposure call a physician immediately.

For emergency information: Call (809) 876-4845.

ALL USED AND UNUSED PRODUCT SHOULD BE DISPOSED OF IN CONFORMANCE WITH LOCAL, STATE AND FEDERAL REGULATIONS.

**METAL  
LUBE<sup>®</sup>**  
*Penetrant*

**Maximum Anti-Friction**

- Frees Rusted Parts • Stops Corrosion
- Displaces Moisture • High Performance Lubricant
- Reduces Friction/Heat and Wear •

**DANGER:** Flammable. Harmful or fatal if swallowed.  
Contents under pressure. Read warning on back label.
