

Power Steering Stop-Leak

- Restores Elasticity of Seals
- Saves Costly Repairs

No. 2090 (CCM) • Net Contents 12 fl. oz. (355 mL)

WARNING: HARMFUL OR FATAL IF SWALLOWED.

Read warnings on back panel.

Power Steering Stop-Leak

Prolongs the life of the power steering unit by restoring the elasticity of the seals, thereby stopping internal leaks and squeals due to aged and dry seals. Non-clogging. Non-corrosive. Non-foaming. Does not affect viscosity of fluid in power steering unit.

DIRECTIONS: Read entire label before using this product.

Add enough Stop-Leak to maintain proper fluid levels in power steering unit reservoir. Check reservoir periodically.

WARNING: Contains Petroleum Distillate 64742-65-0, Petroleum Distillate 64742-52-5 and Dioctyl Adipate 103-23-1. This product contains chemicals known to the State of California to cause cancer, birth defects and other reproductive harm. Keep away from heat and flame. Avoid contact with skin. **FIRST AID:** In case of eye contact, flush with water for 15 minutes. If swallowed, do not induce vomiting. If too much is breathed, remove to fresh air. For severe overexposure, call a physician immediately. For additional information, consult the Material Safety Data Sheet for this product. **KEEP AWAY FROM CHILDREN**

All used and unused product should be disposed of in accordance with local, state and federal regulations. DO NOT dump in sewers, floor drains, on the ground, or into any body of water.
