

Provides a low friction surface to reduce wear on your fabric and leather repairs.

**DIRECTIONS:** Read entire label before using this product.

Spray short light bursts over surface after repair. You can also use after cleaning to give a smoother feeling surface.

**WARNING:** Contains 1, 1-Difluoroethane 75-37-6, Isohexane 107-83-5, n-Hexane 110-54-3, Dimethylpolysiloxane 63148-62-9. This product is extremely flammable and should be kept away from all sources of ignition. Do not puncture, incinerate or store container above 120°F. Exposure to high temperature may cause bursting. Do not place in direct sunlight or near other heat sources. This product contains chemicals known to the State of California to cause cancer, birth defects and other reproductive harm. Overexposure to vapor may cause irritation to the nose and throat and may cause dizziness, drowsiness and other central nervous system effects. Inhalation of the mist may cause irritation of the respiratory tract. Vapors are heavier than air and can collect in low areas and areas with poor ventilation. Deliberate misuse by concentrating and inhaling the contents can be harmful or fatal.

**FIRST AID:** In case of eye or skin contact, flush with water for 15 minutes. If swallowed, may be harmful or fatal. Do not induce vomiting, call a physician. If too much is breathed, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. For severe overexposure, call a physician immediately. For additional information, consult the MSDS for this product.

**DISPOSAL:** All used and unused product should be disposed of in accordance with federal, state and local regulations. DO NOT dump in sewers, floor drains, on the ground or into any body of water.

**SPECIAL USAGE WARNINGS:** Contents extremely flammable - Do not smoke while spraying - Extinguish all flames, pilot lights and heaters - Do not apply while equipment is energized - Vapors will accumulate readily and may ignite - Use only with adequate ventilation; maintain ventilation by opening doors and windows or use other means to ensure fresh air supply during drying.

**ELECTRICAL SHOCK HAZARD:** This can will conduct electricity. Keep away from all live electrical sources including Battery Terminals, Solenoids, Electrical Panels and other electronic components. Failure to observe this warning may result in serious injury from flash fire and/or electrical shock.
