

Brake Parts Cleaner

TRUSTAR® Brake Parts Cleaner removes brake fluid, grease, oil and other contaminants from brake linings and drums. It also stops disc brake squeal. It can be applied without disassembling the brake unit. Tests conducted by an independent research laboratory show that the proper use of Brake Parts Cleaner can help improve brake performance.

CLEANS AND DEGREASES Brake Linings, Cylinders, Drums, Clutches, Springs, Disc Brake Parts, C.V. Joints, and Other Related Brake Parts.

DIRECTIONS: Read entire label before use. Follow all directions in numerical order.

1. DO NOT use on polycarbonate plastics such as LEXAN®. If in doubt, call the manufacturer of equipment. MAY ALSO BE HARMFUL TO OTHER PLASTICS. 2. Protect all rubber brake parts, plastic and painted surfaces from product and overspray. DO NOT spray directly on painted surfaces. DO NOT apply while equipment is energized. 3. Wet down surfaces to be cleaned using short bursts of Brake Parts Cleaner at a distance of 18-24 inches. Avoid breathing any dust or vapors that may become airborne (See inhalation warning). 4. After all surfaces have been wetted, continue spraying Brake Parts Cleaner to remove contaminants. 5. Air dry or wipe with a clean cloth. 6. For heavy deposits, repeat application as necessary. 7. Runoff should be collected and disposed of properly. See disposal statement.

Professional users should consult MSDS and follow all applicable OSHA regulations.

WARNING: Contains Tetrachloroethylene 127-18-4 and Carbon Dioxide 124-38-9. Do not puncture, incinerate or store can above 120°F. Exposure to high temperature may cause can to burst. Do not place in direct sunlight or near any heat source. Do not use near flames, welding arcs, or excessive heat. When exposed to extreme heat, vapors may decompose to corrosive and toxic gases such as hydrogen chloride and possibly phosgene. Make sure equipment is thoroughly dry and vented before restarting. Avoid continuous breathing of vapor and spray mist. **Excessive inhalation of dust and/or vapors may be harmful.** Avoid contact with skin and eyes. Overexposure to vapors can cause eye and skin irritation, irritation to upper respiratory tract, central nervous system effects, irregular heartbeats, unconsciousness and possibly death. Deliberate misuse by concentrating and inhaling the contents can be harmful or fatal. Use with adequate ventilation. Open doors and windows or use other means to ensure a fresh air supply during use and while product is drying. If you experience any symptoms listed on this label, increase ventilation or leave the area. Vapors are heavier than air and can collect in low areas, pits, small rooms and other unventilated areas. If ventilation is not adequate, respiratory protection should be used.

FIRST AID: In case of eye or skin contact, flush with water for 15 minutes. If swallowed, DO NOT induce vomiting. If too much is breathed, remove to fresh air. For severe overexposure, call a physician immediately. For additional information, consult the Material Safety Data Sheet for this product.

DISPOSAL: All used and unused product should be disposed of in conformance with local, state and federal regulations. DO NOT dump in sewers, floor drains, on the ground or into any body of water.

KEEP AWAY FROM CHILDREN

ELECTRICAL SHOCK HAZARD: This can will conduct electricity. Keep away from all live electrical sources including Battery Terminals, Solenoids, Electrical Panels and other electronic components. Failure to observe this warning may result in serious injury from electrical shock.

Not for use in California or New Jersey.
