

CRC **134a** For Mobile A/C Systems
(HFC-134a)

For use by qualified technicians with appropriate information manuals. Use only in A/C systems designed or retrofitted for use with refrigerant 134a. Do not mix with air for leak testing. Do not mix with any other refrigerant.

DIRECTIONS: Read entire label before using this product.

Use appropriate equipment connected to the A/C in accordance with instructions from equipment manufacturer and for vehicle's A/C system. Do not connect this can to the high pressure (discharge) side of any system with a higher pressure than 170 PSIG. Container will explode and result in serious injury. Oily fittings, line or components often indicate a refrigerant leak. Repair leaks before adding refrigerant. **TO RECHARGE A/C SYSTEM:** Attach dispensing device to threaded hub on top of can in accordance with device manufacturer's instructions. Follow vehicle manufacturer's instructions for connection to A/C system. Position container with valve end up for dispensing refrigerant.

WARNING: Contains 1,1,1,2-tetrafluoroethane (CAS 811-97-2). Inhalation of high concentrations of vapor may cause death without warning. Liquid contact can cause frostbite. Contents under pressure. Avoid breathing vapor. Deliberate misuse by concentrating and inhaling the contents can be harmful or fatal. Use with adequate ventilation. Open doors and windows or use other means to ensure a fresh air supply during use and while product is drying. If you experience any symptoms listed on this label, increase ventilation or leave the area. Avoid contact of liquid with eyes and skin. Wear goggles and insulated butyl rubber gloves. Do not apply to open flame or heat container above 120°F (40°C). Do not throw container into fire or incinerator. **FIRST AID:** If inhaled, remove person to fresh air. If not breathing, give artificial respiration. Get immediate medical attention. Do not give epinephrine or similar drugs. In case of liquid contact with eyes, immediately flush with plenty of water for 15 minutes. Treat for frostbite if needed by gently warming affected areas. **DISPOSAL:** All used and unused product should be disposed of in accordance with federal, state and local regulations. DO NOT dump in sewers, floor drains, on the ground or into any body of water. For additional information, consult the Material Safety Data Sheet for this product.

KEEP AWAY FROM CHILDREN
