

PPE MOLD CLEANER MC-16 is a heavy duty cleaner formulated to remove stubborn mold releases, oils, greases, exude, etc., from your highly polished molds. It is strong enough to remove the above materials without rubbing or wiping. We suggest a thorough flushing from top to bottom without wiping dry. Evaporation rate has been slowed to allow more time to clean the mold surfaces. Do not leave an unused mold unprotected after cleaning. Always use a rust preventative.

INSTRUCTIONS FOR USE

- Wear eye protection.
- Hold can upright.
- Direct spray button toward area to be sprayed.
- Spray from 6 to 12 inches away.
- Start at top and flush down. *Also available in bulk!*

WARNING! CONTENTS UNDER PRESSURE. Avoid prolonged exposure to sunlight or heat from radiators, stoves, hot water and other heat sources that may cause bursting. Do not puncture, incinerate, burn or store above 120°F (50°C). Do not discard empty can in garbage compactor.

CONTAINS: Perchloroethylene (CAS# 127-18-4), Toluene (CAS# 108-88-3), Acetone (CAS# 67-64-1), Carbon Dioxide (CAS# 124-38-9).

VAPOR HARMFUL. Use with adequate ventilation. Avoid continuous breathing of vapor and spray mist. If you experience eye watering, headaches, or dizziness, increase fresh air or wear respiratory protection (NIOSH approved) or leave the area. Intentional misuse by deliberately concentrating and inhaling the contents may be harmful or fatal. Avoid contact with eyes and skin. Wash hands after using. For more information refer to the MSDS. Warning: This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

FIRST AID: In case of eye contact, flush thoroughly with large amounts of water for 15 minutes and get medical attention. For skin contact, wash thoroughly with soap and water. In case of respiratory difficulty, provide fresh air and call physician. If swallowed, call Poison Control Center, hospital emergency room, or physician immediately.
