

NON-CHLORINATED THROTTLE PLATE CLEANER

DIRECTIONS: Use only when engine is off and parts are cool. Remove air intake duct and filter to expose throttle body. Remove, cover or otherwise protect the mass air flow (MAF) sensor from coming in contact with this product. Place rag under throttle body to collect run-off. Using an extension tube, spray the throttle butterfly in short spurts while manually moving the valve. Do not spray using a continuous stream. Do not overspray the throttle body. Wash off any overspray immediately. Clean throttle linkages immediately after using this product to remove possible product residue. Reassemble MAF sensor, air intake duct and filter. Caution: Do not use on vehicles equipped with turbochargers, superchargers, or diesel or rotary engines. Do not spray product through air filters, or across mass air flow sensors. Do not allow product to come in contact with painted surfaces.

CAUTION: Keep away from heat, sparks and open flame. Avoid contact with eyes and skin. Do not swallow. Use only in well ventilated areas. Do not breathe fumes or vapors. Do not puncture or incinerate this container. Intentional misuse by deliberate concentration and inhalation of this product may be harmful or fatal. Store in well ventilated area. Do not store above 120°F (49°). Do not store near sources of heat, or in direct sunlight. This product contains chemicals known to the State of California to cause cancer, birth defects or other reproductive harm. Keep out of reach of children.

FIRST AID: In case of eye contact, immediately flush eyes with water for at least 15 minutes. In case of skin contact, wash affected area with mild soap and water. Remove contaminated clothing and launder before use. If swallowed, contact physician immediately. Do NOT induce vomiting unless directed to do so by medical personnel. If inhaled, remove to fresh air. In all cases, if symptoms develop or persist, seek medical attention.

INGREDIENTS: Acetone (67-64-1); Heptane isomers (142-82-5); Toluene (108-88-3); Diacetone alcohol (123-42-2); and Carbon dioxide (124-38-9).
