QUICK FLOW[™] Emergency Diesel-Gel Relief

Para obtener información adicional en Español, visite www.crcindustries.com.

Works quickly to dissolve gelled fuel in diesel fuel emergencies without the use of alcohol. Contains anti-gelling additives so no additional products are needed for optimum performance.

This product complies with the federal ultra-low sulfur content requirements for use in all diesel motor vehicles and non-road engines. OK for biodiesel.

CRC DIESEL Quick Flow™ is non-corrosive and contains no alcohol. Compatible with all diesel fuels.

DIRECTIONS: Read entire label before using this product.

For emergency use: 1. Remove diesel fuel filter. 2. Fill removed or new filter with Quick Flow™ Emergency Fuel-Gel Relief. 3. Replace fuel filter. 4. Start engine. 5. Allow fuel system to circulate until full power is restored to the engine. 6. If fuel in tanks is gelled, also add 30 fl. oz. of Quick Flow™ to every 30 gallons of fuel in the tanks.

For general use: This container is sufficient to treat up to 125 gallons of diesel or biodiesel fuel, depending on fuel and temperature.

To lower pour point: (For biodiesel fuels, use 50 gallon treat.)

- One bottle treats 50 gallons of fuel to lower pour point by as much as 35°F and CFPP by 31°F.
- One bottle treats 125 gallons of fuel to lower pour point by as much as 15°F and CFPP by 24°F.

For anticipated extreme conditions, add CRC DIESEL Cold Flow™ Anti-Gel with Lubricity (No. 05632 / Item# 1003834) to fuel prior to temperature drop.

Contains petroleum distillates/naphtha 64742-47-8, 64742-48-9, 64742-94-5, 1,2,4-trimethylbenzene 95-63-6, and naphthalene 91-20-3. **DANGER:** Product may pose an aspiration hazard if swallowed. Avoid breathing vapor. Avoid contact with skin and eyes. Overexposure can cause serious irritation to eyes, skin, and upper respiratory tract, and headache or dizziness. Use with adequate ventilation. Deliberate misuse by concentrating and inhaling the contents is illegal and can be harmful or fatal. Product is combustible and should be kept from heat, open flames, and other ignition sources. Do not store container above 100 °F/38 °C. **FIRST AID:** In case of eye or skin contact, flish with water for 15 minutes. If too much is breathed, remove to fresh air. If swallowed, call your poison control center at 1-800-222-1222. **DISPOSAL:** All used and unused product should be disposed of in conformance with regulations. D0 NOT dump in sewers, floor drains, on the ground or into any body of water. **KEEP AWAY FROM CHILDREN**
