

CRC® HydroForce® Super Citrus™

DIRECTIONS: Read entire label before using this product.

1. Do not apply while equipment is energized. 2. Shake well before using. 3. Spray on surface to be cleaned and allow to sit for 10 to 30 seconds. 4. Wipe or rinse clean with water or a lint-free cloth, sponge or paper towel.

FOR HEAVY DUTY DEGREASING AND HEAVILY SOILED ITEMS: Remove excess debris using a scraper or wire brush prior to applying product.

INSTRUCCIONES: Lea toda la etiqueta antes de usar este producto.

1. No aplique el producto mientras el equipo esté conectado. 2. Agite bien antes de usar. 3. Rocíe la superficie que desea limpiar y deje actuar durante 10 a 30 segundos. 4. Limpie o enjuague con agua o un paño sin pelusas, una esponja o una toalla de papel.

PARA DESENGRASAR SUPERFICIES CON SUCIEDAD Y GRASA MUY RESISTENTES: Retire el exceso de residuos con una espátula o cepillo de alambre antes de aplicar el producto.

Warning: Contains gas under pressure; may explode if heated. Causes skin irritation. May cause an allergic skin reaction. Causes serious eye irritation.

Precautionary Statements: Do not puncture or incinerate container. Do not expose to heat or store at temperatures above 49 °C/120 °F. When exposed to extreme heat or hot surfaces, vapors may decompose to harmful or fatal corrosive gases such as hydrogen chloride and possibly phosgene. Use with adequate ventilation. Open doors and windows or use other means to ensure a fresh air supply during use and while product is drying. If you experience any symptoms listed on this label, increase ventilation or leave the area. Avoid breathing mist or vapor. Wash thoroughly after handling. Contaminated work clothing must not be allowed out of the workplace. Wear protective gloves and eye/face protection. Protect from sunlight. Store in a well-ventilated place. Exposure to high temperature may cause can to burst. Dispose of contents/container in accordance with local/regional/national regulations.

First Aid: If on skin: Wash with plenty of water. If skin irritation or rash occurs: Get medical advice/attention. Take off contaminated clothing and wash before reuse. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

Contains water 7732-18-5, 1,1-difluoroethane 75-37-6, d-limonene 5989-27-5, and ethoxylated tallow alkyl amines 61791-26-2. Deliberate misuse by concentrating and inhaling the contents is illegal and can be harmful or fatal. Inhalation abuse can cause death. For additional information, consult SDS for this product.

Electrical Shock Hazard: This metal can will conduct electricity. Do not touch can to live electrical sources, as this may result in serious injury.

Advertencia: Contiene gas a presión; puede explotar si se calienta. Provoca irritación cutánea. Puede provocar una reacción cutánea alérgica. Provoca irritación ocular grave.

Consejos de Prudencia: No perforo ni incinere el envase. No exponer al calor ni almacenar a temperaturas superiores a 49 °C/120 °F. Al exponerlo al calor extremo, los vapores pueden descomponerse en gases corrosivos y tóxicos como el cloruro de hidrógeno y, posiblemente, el fosgeno. Usar con ventilación adecuada. Abra las puertas y ventanas y utilice otros medios para asegurar la provisión de aire fresco al utilizar el producto y mientras se esté secando. Si presenta algunos de los síntomas enumerados en esta etiqueta, aumente la ventilación o deje el área. Evitar respirar nieblas o vapores. Lávese cuidadosamente después de la manipulación. La ropa de trabajo contaminada no debe salir del lugar de trabajo. Usar guantes de protección y equipo para proteger los ojos /la cara. Proteger de la luz solar. Almacenar en un lugar bien ventilado. La exposición a altas temperaturas puede provocar que la lata estalle. Eliminación de contenidos / contenedor en consonancia con los reglamentos locales / regionales / nacionales pertinentes.

Primeros Auxilios: En caso de contacto con la piel: Lavar con abundante agua. En caso de irritación cutánea o sarpullido: Consultar a un médico. Quitar la ropa contaminada y lavarla antes de volverla a usar. En caso de contacto con los ojos: Enjuagar con agua cuidadosamente durante varios minutos. Quitar las lentes de contacto cuando estén presentes y pueda hacerse con facilidad. Proseguir con el lavado. Si la irritación ocular persiste, consultar a un médico.

Su mal uso deliberado, concentrando e inhalando su contenido es ilegal y puede ser perjudicial o fatal. La inhalación abusiva puede causar la muerte. Para mayor información, consulte la Hoja de Datos de Seguridad para este producto.

Peligro de Descarga Eléctrica: Esta lata de metal puede conducir la electricidad. No toque la lata con fuentes eléctricas vivas, ya que esto puede resultar en lesiones graves.

HYDRO FORCE®

Super Citrus™ Heavy Duty Degreaser Desengrasante Para Servicio Pesado

**Dissolves Grease, Oil and Ink
No Runs, No Drips
Wipes Off Easily
Non-Corrosive**

**Disuelve Grasa, Aceite y Tinta
No Gotea
Facilita la Limpieza
No Corrosivo**

**WARNING: EYE AND SKIN
IRRITANT. MAY CAUSE AN ALLERGIC
SKIN REACTION. CONTENTS UNDER
PRESSURE. KEEP AWAY FROM
CHILDREN. Read warnings on back panel.**

**ADVERTENCIA:
IRRITANTE DE OJOS Y PIEL.
PUEDE PROVOCAR UNA
REACCIÓN CUTÁNEA ALÉRGICA.
CONTENIDO BAJO PRESIÓN.
MANTENGA FUERA DEL
ALCANCE DE LOS NIÑOS.
Lea las advertencias en el dorso.**

No. 14440
Item# 1004984

**Net Wt. / Peso Neto
15 oz (425 g)**

Nonfood Compounds
Program Listed: C1
Reg.# 127865

To review S.D.S.: Tear (DO NOT CUT) label along these perforations and fold back label. After viewing, reattach label. Do not completely remove label until can is empty. Para revisar la Hoja de Datos de Seguridad (HDS): Resaque (NO CORTE) la etiqueta siguiendo estas perforaciones y dóblela hacia atrás. Al terminar, vuelva a pegar la etiqueta. No la retire completamente hasta que la lata esté vacía.

Formula item# 1002699

Rev 18A

Label item# 1750462

1. Identification

Product identifier: HydroForce® Super Citrus™

Product code No. 14440 (Item# 1004984)

Recommended use General purpose degreaser

Restrictions None known.

Manufactured or sold by:

CRC Industries, Inc., 885 Louis Drive, Warminster, PA 18974

Phone: 215-674-4300

Emergency phone number CHEMTREC - 24 HOURS: 800-424-9300

2. Hazard(s) identification

Physical hazards Gases under pressure (Liquefied gas)

Health hazards Skin corrosion/irritation (Category 2)

Serious eye damage/eye irritation (Category 2A)

Skin sensitization (Category 1)

Label elements (see front side of label)

3. Composition/information on ingredients

Hazardous components

Chemical name	CAS number	%
water	7732-18-5	60 – 70
1,1-difluoroethane	75-37-6	10 – 20
d-limonene	5989-27-5	5 – 10
tallow alkyl amines, ethoxylated	61791-26-2	1 – 3

(Specific chemical identity and/or percentage of composition has been withheld as a trade secret.)

4. First-aid measures

Inhalation Move to fresh air. Call a physician if symptoms develop or persist.

Skin contact Remove contaminated clothing immediately and wash skin with soap and water. In case of eczema or other skin disorders: Seek medical attention. Wash contaminated clothing before reuse.

Eye contact Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention if irritation develops and persists.

Ingestion Call a physician or poison control center. Rinse mouth.

Most important symptoms/effects May cause an allergic skin reaction such as dermatitis and rash. Irritation of eyes and mucous membranes. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. May cause redness and pain. Symptoms of overexposure may be headache, dizziness, tiredness, nausea and vomiting.

Special treatment needed Provide general supportive measures and treat symptomatically. Keep victim under observation. Symptoms may be delayed.

5. Fire-fighting measures

Suitable extinguishing media Water fog. Foam. Dry chemical powder. Carbon dioxide (CO₂).

Unsuitable extinguishing media Do not use water jet as an extinguisher, as this will spread the fire.

Specific hazards Contents under pressure. Pressurized container may rupture when exposed to heat or flame. When exposed to extreme heat or hot surfaces, vapors may decompose to harmful or fatal corrosive gases such as hydrogen chloride and possibly phosgene.

Special protective equipment and precautions for firefighters Self-contained breathing apparatus and full protective clothing must be worn in case of fire. Move containers from fire area if you can do it without risk. Containers should be cooled with water to prevent vapor pressure build up.

6. Accidental release measures

Personal precautions Do not touch damaged containers or spilled material unless wearing appropriate protective equipment. Ensure adequate ventilation. Avoid breathing mist or vapor. Emergency personnel need self-contained breathing equipment.

Containment and cleaning up Eliminate all ignition sources. Keep combustibles away from spilled material. Wipe up with absorbent material (e.g. cloth, fleece) and place into containers. Clean surface thoroughly to remove residual contamination. Avoid discharge into drains, water courses or onto the ground.

7. Handling and storage

Handling Pressurized container: Do not pierce or burn, even after use. Do not smoke while using or until sprayed surface is thoroughly dry. Avoid breathing mist or vapor. Avoid contact with eyes, skin, and clothing. Avoid prolonged exposure. Use only in well-ventilated areas. Wear appropriate protective equipment. Wash thoroughly after handling.

Storage Store in a cool, dry place (below 120 °F/49 °C) and out of direct sunlight. Store in a well-ventilated place away from incompatible materials.

8. Exposure controls/personal protection

Occupational exposure limits

Components	Type	Value
1,1-difluoroethane	TWA	1000 ppm
d-limonene	TWA	30 ppm

Appropriate engineering controls Mechanical ventilation or local exhaust ventilation is recommended.

Individual protection measures:

Eye/face protection Wear safety glasses with side shields (or goggles).

Skin protection Wear protective gloves such as nitrile or rubber.

Respiratory protection If needed, use a NIOSH-approved cartridge respirator with an organic vapor cartridge. Use a self-contained breathing apparatus in confined spaces and for emergencies.

9. Physical and chemical properties

Appearance Creamy white liquid.

Odor threshold Not available.

Melting point/freezing point -140 °F (-96 °C)

Flash point None.

Explosive limit - lower (%) 0.7

Vapor pressure 1230 hPa

Relative density 0.96

Partition coefficient (n-octanol/water) Not available.

Decomposition temperature Not available.

VOC (Weight %): 9.8% (0.8 lb/gal, 94.7 g/L)

Odor Citrus.

pH 10

Initial boiling point 212 °F (100 °C)

Evaporation rate Slow.

Explosive limit - upper (%) 23.5

Vapor density > 1 (air = 1)

Solubility(ies) Soluble in water.

Auto-ignition temperature 302 °F (150 °C)

Viscosity Not available.

10. Stability and reactivity

Reactivity Non-reactive

Chemical stability Stable

Possibility of hazardous reactions No

Conditions to avoid Heat, flames and sparks. Sunlight. Extreme temperatures. When exposed to extreme heat or hot surfaces, vapors may decompose to harmful or fatal corrosive gases such as hydrogen chloride and possibly phosgene.

Incompatible materials Strong oxidizing agents. Strong acids.

Hazardous decomposition products Oxides of d-limonene. Hydrogen chloride. Phosgene. Carbon oxides.

11. Toxicological information

Information on likely routes of exposure:

Ingestion Expected to be a low ingestion hazard.

Inhalation Prolonged inhalation may be harmful.

Skin contact Causes skin irritation. May cause an allergic skin reaction.

Eye contact Causes serious eye irritation.

Information on toxicological effects:

Acute toxicity Not known.

Respiratory sensitization Not a respiratory sensitizer.

Skin sensitization May cause an allergic skin reaction.

Carcinogenicity Not considered to be a carcinogen by IARC, ACGIH, NTP or OSHA.

Reproductive toxicity Not expected to cause reproductive or developmental effects.

Aspiration hazard Not an aspiration hazard.

Chronic effects Prolonged exposure may cause chronic effects.

12. Ecological information

See full SDS for additional information

13. Disposal considerations

Disposal instructions The dispensed liquid product is not a RCRA hazardous waste. Empty containers may be recycled.

Hazardous waste code Not regulated.

14. Transport information

DOT shipping description: UN1950, Aerosols, non-flammable, 2.2, limited quantity

15. Regulatory information

SARA 313 None

See full SDS for additional information

16. Other information

Issue date 06-APR-18

CRC #667C/1002699

Version # 03
