

Synthetic Food Grade Grease 合成食品级润滑油脂
1-癸烯, 均聚物, 氢化: 60 - 100%

警告

皮肤接触可能有害。

[预防措施]

遵守良好工业卫生习惯。

[事故响应]

如果您感觉不适, 呼叫解毒中心/医生

[安全储存]

远离禁忌物保存。

[废弃处置]

根据当地管理部门的要求对废弃物和残余物进行处理。

参见安全数据表。

Sta-Lube® Synthetic Food Grade Grease is a NSF H1 registered lubricating grease formulated with the highest quality synthetic materials available. Because this grease has a very high dropping point, it is particularly useful in high temperature applications. Additionally it also performs extremely well in cold temperature applications as the base fluid exhibits a very low pour point.

- NLGI 2 Synthetic Grease
- -20°F to +350°F operating temperature range
- Dropping Point: 650°F
- Pour Point: -63°F
