SALT TERMINATOR®

Biodegradable Formula • Non-Toxic • Environment Friendly

SALT TERMINATOR dissolves salt and leaves a protective corrosion-inhibiting coating on any surface exposed to salt water, salt air or road salt. Flush your cooling system with SALT TERMINATOR to add extra years of service to outboards, I/O's, inboards, jet boats and PWCs. Incorporating SALT TERMINATOR into your regular maintenance routine may prevent costly repairs caused by corrosion. Adds extra years of service to gear and equipment. Safe to use on any surface exposed to salt including fiberglass, steel, aluminum, glass, magnesium, isinglass, wood, chrome, plastics & rubber. No scrubbing required!

DIRECTIONS:

To Flush Outboard / Inboard / Outdrive / Cooling Systems & Heat Exchangers:

SALT TERMINATOR mixer is required. Attach mixer to garden hose. Remove reservoir cup, fill with SALT TERMINATOR and reinstall. Connect other end of mixer to flushing apparatus and turn on water. Flush motor for 2-5 minutes.

To Remove Salt & Protect Surfaces:

Attach mixer to garden hose. Remove reservoir cup, fill with SALT TERMINATOR and reinstall. Connect other end of mixer to garden hose spray nozzle. Turn on fresh water. Spray on any surface and rinse.

To Soak Gear & Equipment: Mix 4 ounces of concentrate per 1 gallon of water in a pail. Soak gear or equipment and scrub if necessary. Rinse with fresh water.

Contains water 7732-18-5, sodium nitrite 7632-00-0, coconut DEA 68603-42-9, sodium laureth sulfate 9004-82-4, and sodium xylenesulphonate 1300-72-7.

WARNING: Avoid contact with eyes and skin. Wash thoroughly after handling. Do not store container below 32°F/ 0°C.

FIRST AID: In case of eye or skin irritation, flush with water for 15 minutes.

DISPOSAL: All used and unused product should be disposed of in conformance with local, state, and federal regulations.

KEEP AWAY FROM CHILDREN
