

Throttle Body & Air Intake Cleaner

Para obtener información adicional en Español, visite www.crcindustries.com.

Effectively cleans power-robbing gums and varnishes from throttle bodies and air intake systems on fuel-injected vehicles. Improves performance, eliminates hesitation and rough idling. 360° valve allows for easy access in any position. Safe for use on coated throttle bodies. For maximum performance and MPG use CRC Throttle Body Cleaner and CRC MAF Sensor Cleaner every time you service your air filter.

DIRECTIONS: Read entire label before using this product.

1. For personal safety, do not apply while equipment is energized. 2. DO NOT use on vehicles equipped with superchargers, turbochargers, diesel engines and/or rotary engines. **3. DO NOT** spray through air filter or across mass air flow (MAF) sensor. Use CRC MAF Sensor Cleaner for proper MAF cleaning. **4. DO NOT** spray on painted or plastic surfaces. Wash off overspray immediately. **5.** With engine off, remove air intake duct to expose the throttle body. It may be necessary to remove the MAF Sensor. Place a rag under the throttle body to collect runoff. **6.** Attach straw to spray button. Manually move butterfly valve back and forth while spraying – spray initially, stop and allow solvent to penetrate. Then spray again for maximum effect. Be sure to clean throttle linkages. **7.** Reassemble MAF, air intake duct and filter.

Contains acetone 67-64-1, carbon dioxide 124-38-9, heptanes 142-82-5, 591-76-4, 589-34-4, and toluene 108-88-3.

DANGER: Contents are extremely flammable. Do not smoke while spraying. Extinguish all flames, pilot lights, and heaters. Do not apply while equipment is energized. Vapors will accumulate readily and may ignite. Maintain ventilation during use and until vapors are gone. Do not puncture or incinerate container. Do not expose to heat or store at temperatures above 120°F/49°C. Exposure to high temperature may cause can to burst. Do not place in direct sunlight or near any heat source. Avoid breathing vapor. Avoid contact with skin and eyes. Overexposure to liquid or vapors can cause serious eye irritation, upper respiratory tract irritation, headache, dizziness, or drowsiness. Deliberate misuse by concentrating and inhaling the contents is illegal and can be harmful or fatal. Inhalation abuse can cause death. Use with adequate ventilation. Open doors and windows or use other means to ensure a fresh air supply during use and while product is drying. If you experience any symptoms listed on this label, increase ventilation or leave the area.

FIRST AID: In case of eye or skin contact, flush with water for 15 minutes. If too much is breathed, remove to fresh air. If swallowed, call your poison control center at 1-800-222-1222.

DISPOSAL: All used and unused product should be disposed of in conformance with local, state, and federal regulations. Do NOT dump in sewers, floor drains, on the ground or into any body of water.

ELECTRICAL SHOCK HAZARD: This metal can will conduct electricity. Keep away from all live electrical sources. Failure to observe this warning may result in serious injury and/or flash fire.
