MEETS AMS 1534A

LEAVES NO FILM / STOPS GLARE

Part No. 10421

Net Contents:

1 pt. 6 oz./22 fl. oz. (651 mL)

READ WARNINGS ON BACK PANEL.

Window Cleaner

- Safe for use on aircraft windows per AMS 1534A • A modern blend of detergents and corrosion inhibitors designed to safely clean aircraft glass, plexiglass and other surfaces • Penetrates through film and other surface contaminants to get glass, windows and mirrors sparkling clean • Removes grease, fingerprints, scum and smoke haze from surfaces • Noncaustic • Nonflammable
- Will not harm paint finish • Removes labels from metal and glass
- Stops glare from surface and leaves no film

DIRECTIONS: No shaking or dilution necessary. Hold bottle about 8 to 10 inches from surfaces. Spray on and wipe clean with cloth, sponge or paper towel. For heavily soiled areas, let cleaner remain for a minute before wiping. If dilution is necessary, use up to four parts water and apply as above.

WARNING: Contains Water 7732-18-5, Monoethanolamine 141-43-5, Detergent 12087-87-0 and Inhibitors. Avoid continuous breathing of spray mist. Avoid continuous exposure to skin and eyes. Progressively higher exposure can cause eye irritation.

FIRST AID: In case of eye contact, flush with water for 15 minutes. For skin contact, wash with soap and water. If too much is breathed, remove to fresh air. If swallowed, drink large amounts of water. See a physician if irritation occurs.
KEEP OUT OF REACH OF CHILDREN

For additional information, consult the Material Safety Data Sheet for this product. All used and unused product should be disposed of in conformance with local, state and federal regulations.
