

113 Contact Cleaner

Precision Cleaner
No Flash Point
Leaves No Residue

Patented MSDS Label

No. 14000 Net Wt. 14 oz. (397 g)

WARNING: CONTENTS UNDER PRESSURE. Read warnings on back panel.

96A
CRC#508
Made in U.S.A.

ALL USED AND UNUSED PRODUCT SHOULD BE DISPOSED OF IN CONFORMANCE WITH LOCAL STATE AND FEDERAL REGULATIONS.

1. Spray on surface to be cleaned. Spray until clean.
2. Use extension tube for pinpoint cleaning.
3. Use an abrasive on surfaces with heavy carbon deposits or corrosion.
4. Remove residue with intermittent spray before reactivating system.
5. Do Not Apply While Equipment is Energized.

DIRECTIONS:

Read entire label before using this product.

1. Spray on surface to be cleaned. Spray until clean.

2. Use extension tube for pinpoint cleaning.

3. Use an abrasive on surfaces with heavy carbon deposits or corrosion.

4. Remove residue with intermittent spray before reactivating system.

5. Do Not Apply While Equipment is Energized.

ALL USED AND UNUSED PRODUCT SHOULD BE DISPOSED OF IN CONFORMANCE WITH LOCAL STATE AND FEDERAL REGULATIONS.

- Harmless to most plastics, paper tapes, sensitive electronics and all metal surfaces
- Chemically stable, non-conductive and non-corrosive, non-flammable and no flash point
- Helps prevent contact failure or malfunction by dissolving and rinsing away contaminants
- Authorized by USDA for use in federally inspected meat and poultry plants
- Periodic planned maintenance prolongs life expectancy of components and helps eliminate deposits that cause leakage. Use resistance measurements to determine frequency of application
- M.S.D.[L.]™ - Material Safety Data Label is a current Material Safety Data Sheet printed on the reverse side of the label (The CRC M.S.D.[L.]™ is a proprietary label removal system patented under US Patent No. 5,056,827.)

To view Emergency M.S.D.S.: Tear (DO NOT CUT) label by running fingernail between perforations. Fold back label. Do not remove until can is empty.

KEEP AWAY FROM CHILDREN

WARNING: Contains Trichlorofluoroethane 76-13-1 and Tetrafluoroethane 811-97-2. Do not puncture, incinerate, or store container above 120°F. Exposure to high temperature may cause can to burst. Do not place in direct sunlight or near any heat source. Use only in a well ventilated area. Avoid continuous breathing of vapor and spray mist. Avoid contact with skin and eyes. Overexposure to vapors may be harmful and may cause heat irregularities, unconsciousness or death. Deliberate misuse by concentrating and inhaling the contents can be harmful or fatal. Vapors reduce oxygen available for breathing and may cause asphyxiation. Vapors are heavier than air and can collect in low areas, pits, small rooms and other unventilated areas. If ventilation is not adequate, respiratory protection should be used. **FIRST AID:** In case of eye or skin contact, flush with water for 15 minutes. If swallowed, do not induce vomiting. If too much is breathed, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. For severe overexposure, call a physician immediately.

WARNING: Contains trichlorofluoroethane, a substance which harms public health and environment by destroying ozone in the upper atmosphere.

WARNING: CONTENTS UNDER PRESSURE.
