

DIRECTIONS: Read entire label before using this product.

1. Do not apply while equipment is energized. 2. Shake well before using. 3. Spray on surface to be cleaned and allow to sit for 10 to 30 seconds. 4. Wipe or rinse clean with water or a lint-free cloth, sponge or paper towel.

FOR HEAVY DUTY DEGREASING AND HEAVILY SOILED ITEMS: Remove excess debris using a scraper or wire brush prior to applying product.

INSTRUCCIONES: Lea toda la etiqueta antes de usar este producto.

1. No aplique el producto mientras el equipo esté conectado. 2. Agite bien antes de usar. 3. Rocíe la superficie que desea limpiar y deje actuar durante 10 a 30 segundos. 4. Limpie o enjuague con agua o un paño sin pelusas, una esponja o una toalla de papel.

PARA DESENGRASAR SUPERFICIES CON SUCIEDAD Y GRASA MUY RESISTENTES: Retire el exceso de residuos con una espátula o cepillo de alambre antes de aplicar el producto.

Warning: Contains gas under pressure; may explode if heated. Causes skin irritation. May cause an allergic skin reaction. Causes serious eye irritation.

Precautionary Statements: Do not puncture or incinerate container. Do not expose to heat or store at temperatures above 49°C/120°F. When exposed to extreme heat or hot surfaces, vapors may decompose to harmful or fatal corrosive gases such as hydrogen fluoride. Use with adequate ventilation. Open doors and windows or use other means to ensure a fresh air supply during use and while product is drying. If you experience any symptoms listed on this label, increase ventilation or leave the area. Avoid breathing mist or vapor. Contaminated work clothing must not be allowed out of the workplace. Wear protective gloves and eye/face protection. Wash thoroughly after handling. Protect from sunlight. Store in a well-ventilated place. Exposure to high temperature may cause can to burst. Dispose of contents/container in accordance with local/regional/national regulations.

First Aid: If on skin: Wash with plenty of water. If skin irritation or rash occurs: Get medical attention. Take off contaminated clothing and wash before reuse. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention.

Contains water 7732-18-5, 1,1-difluoroethane 75-37-6, d-limonene 5989-27-5, and ethoxylated tallow alkyl amines 61791-26-2. This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. Deliberate misuse by concentrating and inhaling the contents is illegal and can be harmful or fatal. Inhalation abuse can cause death. For additional information, consult SDS for this product.

Electrical Shock Hazard: This can will conduct electricity. Do not touch can to live electrical sources including battery terminals, solenoids, electrical panels and other electronic components. Failure to observe this warning may result in serious injury from electrical shock.

Advertencia: Contiene gas a presión; puede explotar si se calienta. Provoca irritación cutánea. Puede provocar una reacción cutánea alérgica. Provoca irritación ocular grave.

Consejos de Prudencia: No perforo ni incinere el envase. No exponer al calor ni almacenar a temperaturas superiores a 49°C/120°F. Al exponerlo al calor extremo, los vapores pueden descomponerse en gases corrosivos y tóxicos como el fluoruro de hidrógeno. Usar con ventilación adecuada. Abra las puertas y ventanas y utilice otros medios para asegurar la provisión de aire fresco al utilizar el producto y mientras se esté secando. Si presenta algunos de los síntomas enumerados en esta etiqueta, aumente la ventilación o deje el área. Evite la inhalación de neblina o vapor. La ropa de trabajo contaminada no debe salir del lugar de trabajo. Usar guantes de protección y equipo para proteger los ojos /la cara. Lávese cuidadosamente después de la manipulación. Proteger de la luz solar. Almacenar en un lugar bien ventilado. La exposición a altas temperaturas puede provocar que la lata estalle. Eliminación de contenidos / contenedor en consonancia con los reglamentos locales / regionales / nacionales pertinentes.

Primeros Auxilios: En caso de contacto con la piel: Lavar con abundante agua. En caso de irritación cutánea: Busque atención médica. Quitar la ropa contaminada y lavarla antes de volver a usarla. En caso de contacto con los ojos: Enjuagar con agua cuidadosamente durante varios minutos. Quitar las lentes de contacto cuando estén presentes y pueda hacerse con facilidad. Proseguir con el lavado. Si persiste la irritación de los ojos: Busque atención médica.

Este producto contiene un componente químico que en el Estado de California se conoce como una causa de cáncer y defectos de nacimiento u otros daños reproductivos. Su mal uso deliberado, concentrando e inhalando su contenido es ilegal y puede ser perjudicial o fatal. La inhalación abusiva puede causar la muerte. Para mayor información, consulte la Hoja de Datos de Seguridad para este producto.

Peligro de Descarga Eléctrica: Este recipiente es conductor de electricidad. Mantenga la lata alejada de toda fuente eléctrica viva, incluyendo terminales de batería, solenoides, paneles eléctricos y otros componentes electrónicos. El no respetar estas advertencias puede causar heridas graves por descargas eléctricas.

HYDRO FORCE®

Super Citrus™ Heavy Duty Degreaser

Desengrasante Para Servicio Pesado

- Dissolves Grease, Oil and Ink
- No Runs, No Drips
- Wipes Off Easily
- Non-Corrosive

- Disuelve Grasa, Aceite y Tinta
- No Gotea
- Facilita la Limpieza
- No Corrosivo

Nonfood Compounds
Program Listed
Category Code: C1
Ref.# 127855

No. 14440
Net Wt. / Peso Neto
15 oz (425 g)

To review S.D.S.: Tear (DO NOT CUT) label along these perforations and fold back label. After viewing, reattach label. Do not completely remove label until can is empty. Para revisar la Hoja de Datos de Seguridad (HDS): Rasgue (NO CORTE) la etiqueta siguiendo estas perforaciones y dóblela hacia atrás. Al terminar, vuelva a pegar la etiqueta. No la retire completamente hasta que la lata esté vacía.

1. Identification

Product identifier: HydroForce® Super Citrus™

Product code 14440

Recommended use General purpose degreaser

Restrictions None known.

Manufactured or sold by: CRC Industries, Inc., 885 Louis Drive, Warminster, PA 18974

Phone: 215-674-4300

Emergency phone number CHEMTREC - 24 HOURS: 800-424-9300

2. Hazard(s) identification

Physical hazards Gases under pressure (Liquefied gas)

Health hazards Skin corrosion/irritation (Category 2)

Serious eye damage/eye irritation (Category 2A)

Skin sensitization (Category 1)

Label elements (see front side of label)

3. Composition/information on ingredients

Hazardous components

Chemical name	CAS number	%
water	7732-18-5	60 – 70
1,1-difluoroethane	75-37-6	10 – 20
d-limonene	5989-27-5	5 – 10
tallow alkyl amines, ethoxylated	61791-26-2	1 – 3

(Specific chemical identity and/or percentage of composition has been withheld as a trade secret.)

4. First-aid measures

Inhalation Move person to fresh air and keep at rest. Call a physician if you feel unwell.

Skin contact Remove contaminated clothing immediately and wash skin with soap and water. In case of eczema or other skin disorders: Seek medical attention. Wash contaminated clothing before reuse.

Eye contact Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention if irritation develops and persists.

Ingestion Call a physician or poison control center immediately. Rinse mouth. Do NOT induce vomiting without advice from poison control center.

Most important symptoms/effects May cause an allergic skin reaction such as dermatitis and rash. Irritation of eyes and mucous membranes. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. May cause redness and pain. Symptoms of overexposure may be headache, dizziness, tiredness, nausea and vomiting.

Special treatment needed Provide general supportive measures and treat symptomatically. Keep victim under observation. Symptoms may be delayed.

5. Fire-fighting measures

Suitable extinguishing media Water fog. Foam. Dry chemical powder. Carbon dioxide (CO₂).

Unsuitable extinguishing media None known.

Specific hazards Contents under pressure. Pressurized container may rupture when exposed to heat or flame.

Special protective equipment and precautions for firefighters Self-contained breathing apparatus and full protective clothing must be worn in case of fire. Move containers from fire area if you can do it without risk. Containers should be cooled with water to prevent vapor pressure build up.

6. Accidental release measures

Personal precautions Do not touch damaged containers or spilled material unless wearing appropriate protective equipment. Ensure adequate ventilation. Avoid breathing gas, mist or vapor. Emergency personnel need self-contained breathing equipment.

Containment and cleaning up Eliminate all ignition sources. Keep combustibles away from spilled material. Absorb in vermiculite, dry sand, earth or other absorbent material and place into containers. Prevent entry into waterways, sewer, basements or confined areas. Inform appropriate managerial or supervisory personnel of all environmental releases.

7. Handling and storage

Handling Pressurized container: Do not pierce or burn, even after use. Do not smoke while using or until sprayed surface is thoroughly dry. Avoid breathing mist or vapor. Avoid contact with eyes, skin and clothing. Avoid prolonged exposure. Use only in well-ventilated areas. Wear appropriate protective equipment. Wash thoroughly after handling.

Storage Store in a cool, dry place (below 120°F/49°C) and out of direct sunlight. Store in a well-ventilated place away from incompatible materials.

8. Exposure controls/personal protection

Occupational exposure limits

Components

1,1-difluoroethane

d-limonene

Type

TWA

TWA

Value

1000 ppm

30 ppm

Appropriate engineering controls Mechanical ventilation or local exhaust ventilation is recommended. Individual protection measures:

Eye/face protection Wear safety glasses with side shields (or goggles).

Skin protection Wear protective gloves such as nitrile or rubber.

Respiratory protection If needed, use a NIOSH-approved cartridge respirator with an organic vapor cartridge. Use a self-contained breathing apparatus in confined spaces and for emergencies.

9. Physical and chemical properties

Appearance Creamy white liquid.

Odor threshold Not available.

Melting point/freezing point -140 °F (-96 °C)

Flash point None (Tag Closed Cup)

Explosive limit - lower (%) 0.7

Vapor pressure 1191 hPa

Relative density 0.96

Partition coefficient (n-octanol/water) Not available.

Auto-ignition temperature 302 °F (150 °C)

Decomposition temperature Not available.

Viscosity Not available.

VOC (Weight %): 9.8% (0.8 lbs/gal, 94.7 g/l)

Odor Citrus.

pH 10

Initial boiling point 212 °F (100 °C)

Evaporation rate Slow

Explosive limit - upper (%) 23.5

Vapor density Not available.

Solubility(ies) Soluble in water.

10. Stability and reactivity

Reactivity Non-reactive

Chemical stability Stable

Possibility of hazardous reactions No

Conditions to avoid Heat, flames and sparks. Sunlight. Extreme temperatures. When exposed to extreme heat or hot surfaces, vapors may decompose to harmful or fatal corrosive gases such as hydrogen fluoride.

Incompatible materials Strong oxidizing agents. Strong acids.

Hazardous decomposition products Oxides of orange terpenes. Hydrogen fluoride.

11. Toxicological information

Information on likely routes of exposure:

Ingestion Ingestion of large amounts may produce gastrointestinal disturbances including irritation, nausea, and diarrhea.

Inhalation Overexposure to vapors may cause drowsiness and dizziness. Prolonged inhalation may be harmful.

Skin contact Causes skin irritation. May cause an allergic skin reaction.

Eye contact Causes serious eye irritation.

Information on toxicological effects:

Acute toxicity May cause an allergic skin reaction

Respiratory sensitization Not a respiratory sensitizer.

Skin sensitization May cause an allergic skin reaction.

Carcinogenicity Not considered to be a carcinogen by IARC, ACGIH, NTP or OSHA.

Reproductive toxicity Not expected to cause reproductive or developmental effects.

Aspiration hazard Based on available data, the classification criteria are not met.

Chronic effects Prolonged exposure may cause chronic effects.

12. Ecological information

See full SDS for additional information

13. Disposal considerations

Disposal instructions The dispensed liquid product is not a RCRA hazardous waste. Empty containers may be recycled.

Hazardous waste code Not regulated.

14. Transport information

DOT shipping description: UN1950, Aerosols, non-flammable, 2.2, limited quantity

15. Regulatory information

SARA 313 None

See full SDS for additional information

16. Other information

Issue date 8/23/2016

CRC #667C
