

**WARNING:** Contains Acetone 67-64-1, Isobutane 75-28-5, Propane 74-98-6, Methyl Ethyl Ketone 78-33-3, Toluene 108-88-3, Titanium Dioxide 13463-67-7. Do not puncture, incinerate or store can above 120°F. Exposure to high temperature may cause can to burst. Do not place in direct sunlight or near any heat source. Product is extremely flammable and should be kept from all flames and other ignition sources. Harmful or fatal if swallowed. This product contains a chemical known to the state of California to cause cancer and birth defects, or other reproductive harm. Reports have associated repeated and prolonged occupational overexposure to solvents with permanent brain and nervous system damage. Use with adequate ventilation. Open doors and windows or use other means to ensure a fresh air supply during use and while product is drying. If you experience any symptoms listed on this label, increase ventilation or leave the area. Intentional misuse by deliberately concentrating and inhaling contents may be harmful or fatal. **FIRST AID:** In case of eye contact, flush with water for 15 minutes. For skin contact, wash area thoroughly with water. If swallowed, do not induce vomiting. Call a physician. If too much is breathed, remove to fresh air. **KEEP AWAY FROM CHILDREN.**

To view Emergency M.S.D.S.: Tear (DO NOT CUT) label by running fingernail between perforations. Fold back label. Do not remove until can is empty.

For general use in everyday factory applications

- Inventories
- Allows reuse of old or miscellaneous carton printing
- Use on corrugated boxes to cover up old applications

- M.S.D. [L.]™ "Material Safety Data Label" is a current Material Safety Data Sheet printed on the reverse side of the label. (The CRC M.S.D. [L.]™ is a proprietary label removal system patented under U.S. Patent No. 5,036,827)

05A  
Made in  
Canada

**SPECIAL USAGE WARNINGS:**

- Contents extremely flammable.
- Do not smoke while spraying.
- Extinguish all flames, pilot lights and heaters.
- Do not apply while equipment is energized.
- Vapors will accumulate readily and may ignite. Use only with adequate ventilation.
- Maintain ventilation during use and until all vapors are gone.

**ELECTRICAL SHOCK HAZARD:** This can will conduct electricity. Keep away from all live electrical sources including Battery Terminals, Solenoids, Electrical Panels and other electronic components. Failure to observe this warning may result in serious injury from flash fire and/or electrical shock.

**ALL USED AND UNUSED PRODUCT SHOULD BE DISPOSED OF IN CONFORMANCE WITH LOCAL, STATE, AND FEDERAL REGULATIONS.**

**DIRECTIONS:** Read entire label before using this product.

1. Shake vigorously for at least one minute after rattling of mixing ball is heard. Shake intermittently during application.
2. For best results, spray at room temperature (70°F).
3. Do not use sharp object to remove overcap.
4. Surface to be painted should be clean and dry. Remove dirt, grease, oil, rust, scale and other contaminants.
5. Mask areas not to be sprayed to protect from overspray.
6. Hold can 6 to 10 inches from surface. Press spray button firmly. Do not apply with continuous spray. Use back and forth motion.
7. For best results 3-4 thin coats are recommended rather than one heavy coat. Recoat anytime.
8. To prevent valve from clogging after spraying, turn can upside down and press sprayhead for about 3 seconds. This will clean paint from siphon tube and valve. If spray button is clogged, remove from can and run knife edge through tiny slit at end of spray button stem. Clear spray button orifice by inserting pin. Do not insert pins or other sharp objects into valve opening of can.
