BRAKE PARTS CLEANER

K&W Brake Parts Cleaner removes brake fluid, grease, oil and other contaminants from brake systems. It also stops disc brake squeal. Tests conducted by an independent research laboratory show that the proper use of **K&W Brake Parts Cleaner** can help improve brake performance.

CLEANS AND DEGREASES Brake Linings, Cylinders, Drums, Clutches, Springs, Rotors, Calipers, C.V. Joints, and Other Components.

DIRECTIONS: *Read entire label before using this product. Follow all directions in numerical order.*
1. DO NOT use on polycarbonate plastics such as LEXAN. If in doubt, call the manufacturer of equipment. **MAY ALSO BE HARMFUL TO OTHER PLASTICS.**
2. Protect all rubber brake parts, plastic and painted surfaces from product and overspray. DO NOT spray directly on painted surfaces. DO NOT apply while equipment is energized.
3. Wet down surfaces to be cleaned using short bursts of **K&W Brake Parts Cleaner** at a distance of 18-24 inches. Avoid breathing any dust or vapors that may become airborne. (See inhalation warning).
4. After all surfaces have been wetted, continue spraying **K&W Brake Parts Cleaner** to remove contaminants.
5. Air dry or wipe with a clean cloth.
6. For heavy deposits, repeat application as necessary.
7. Runoff should be collected and disposed of properly. See disposal statement.

Professional users should consult MSDS and follow all applicable OSHA regulations.

WARNING: Contains Ethylene Tetrachloride 127-18-4 & Carbon Dioxide 124-38-9. Do not puncture, incinerate or store can above 120°F. Exposure to high temperature may cause can to burst. Do not place in direct sunlight or near any heat source. Do not use this product near open flames, welding operations or excessive heat. Vapors may decompose to harmful or fatal corrosive gases, such as hydrogen chloride and possibly phosgene. This product contains chemicals known to the State of California to cause cancer, birth defects and other reproductive harm. Overexposure to vapors may cause eye and skin irritation, headaches, nausea, dizziness, irritation to upper respiratory tract and irregular heartbeats. Deliberate misuse by concentrating and inhaling the contents can be harmful or fatal. Use only in a well-ventilated area. Avoid continuous breathing of vapor and spray mist. Avoid contact with skin and

eyes. Vapors are heavier than air and will collect in low areas. If ventilation is not adequate, respiratory protection should be used. **FIRST AID:** In case of eye contact, flush with large amounts of water for at least 15 minutes. If swallowed, DO NOT induce vomiting. If too much is breathed, remove to fresh air. For severe overexposure, call a physician immediately. **Disposal:** All used and unused product should be disposed of in accordance with federal, state and local regulations. DO NOT dump in sewers, floor drains, on the ground or into any body of water.

ELECTRICAL SHOCK HAZARD: This can will conduct electricity. Do not touch can to live electrical sources including battery terminals, solenoids, electrical panels and other electronic components. Failure to observe this warning may result in serious injury from electrical shock.

For additional information, consult the Material Safety Data Sheet for this product.

KEEP AWAY FROM CHILDREN

El Limpiador de partes de Freno de K&W renueva el fluido de freno, grasa, aceite, y otros contaminantes del sistema del freno. También detiene el rechido del disco de freno. Pruebas realizadas por un laboratorio independiente demostraron que el uso adecuado del **Limpiador de Partes de Freno de K&W** podría mejorar el rendimiento de los frenos.
