FIRST AID: In case of eye or skin contact, flush with large amounts of water for at least 15 minutes. If swallowed, do not induce vomiting. If too much is breathed, remove to fresh air. For severe overexposure, call a physician immediately.

KEEP AWAY FROM CHILDREN

DISPOSAL: All used and unused product should be disposed of in accordance with local, state and federal regulations. Do not dump in sewers, floor drains, on the ground or into any body of water.

For additional information, consult the Material Safety Data Sheet for this product.

Cleans fuel injectors, carburetors, intake manifolds, valves, ports and fuel lines. Disperses water. Improves fuel atomization. Controls knock caused by deposits. Controls engine's demands for higher octane fuels. Safe for leaded and unleaded fuel. Will not harm catalytic converters or oxygen sensors.

DIRECTIONS: Read entire label before using this product. 1. Add entire contents of one 12 oz. bottle to fuel tank (treats 12 gallons) and fill with fuel. 2. Use regularly to maintain engine cleanliness. 3. For existing deposit problems, initially use 2 containers per 12 gallons of fuel.

WARNING: Contains Petroleum Distillates 68476-34-6, 64741-86-2 and 64742-94-5, Alkyl Phenol 800967-5941P and Alkylbenzene 800967-5503P. Overexposure to vapor may cause eye and skin irritation, irritation to respiratory tract, headaches, dizziness, anesthesia, nervous system effects. Product is combustible and should be kept from all flames and other ignition sources. This product contains a chemical known to the state of California to cause cancer and birth defects, or other reproductive harm. Use only in a well ventilated area. Avoid continuous breathing of vapors. Avoid contact with skin and eyes.
