AVIEX® ALL-IN-ONE

Get the most out of your hard working truck. Put the power of AVIEX® All-In-One to work for you and get the added engine performance you need to keep your rig running strong, all season long. Especially effective at reviving tired long haul engines. Just pour it in to help keep injectors clean, improve engine performance, prevent carbon, varnish and gum build up. Add lubricity to your entire fuel system quickly and easily. Decrease emissions and particulates while improving fuel economy.

DIRECTIONS: Please read entire label before using this product.

For best results, add prior to fill-up.

For maintenance applications: This container is sufficient to treat up to 500 gallons of diesel fuel. One quart treats 125 gallons of fuel.

For first time applications or extremely dirty systems: This container is sufficient to treat up to 300 gallons of fuel. One quart treats 75 gallons of fuel.

WARNING: Contains 2-Ethylhexyl Nitrate 27247-96-7, Petroleum Distillates 68476-34-6, Petroleum Naphtha 64742-94-5, Light Aromatic Petroleum Naphtha 64742-95-6 and 2-Butoxyethanol 111-76-2. Product is combustible and should be kept from all flames, heat sources and other ignition sources. This product contains chemicals known to the State of California to cause cancer, birth defects and other reproductive harm. Use only in a well ventilated area. Avoid continuous breathing of vapors. Avoid contact with skin and eyes.

FIRST AID: In case of eye contact, flush with water for 15 minutes. For skin contact, wash with soap and water. If swallowed, DO NOT induce vomiting. If too much is breathed, remove to fresh air. For severe overexposure, call a physician immediately.

KEEP AWAY FROM CHILDREN

HANDLING AND SPILL PRECAUTIONS: Keep container closed. Wash thoroughly after handling. Do not enter where vapors are suspected in high concentration unless air supplied positive pressure breathing apparatus

is used and a trained observer is present and equipped with rescue gear. Do not cut or weld containers due to explosive hazard. FOR SPILLS, use proper protective equipment. Take precautions as necessary to prevent contamination of surface or ground waters. For small spills, use absorbent and sweep into closed containers for disposal. For large spills evacuate the area, dike and transfer into containers for disposal.
